

Senate Leader Admits Fliers Killed In Cuba

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield has acknowledged that during the heat of the 1961 Cuban invasion several Americans volunteered to fly combat missions and four lost their lives.

Thus the Senate's Republican leader, Everett M. Dirksen of Illinois got no argument from the administration's chief Senate spokesman on his charge Monday that four Americans had been shot down in the Bay of Pigs fiasco.

Mansfield, who said that in this case he was speaking only for himself, added some details in his statement.

"It is known that a few experienced American airmen were employed to train Cuban pilots, navigators and radio operators. Because of exhaustion of Cuban pilots, several of these Americans volunteered to fly combat missions. Apparently a decision was made by those directing operations to accept this offer. Several planes were attacked and four of these Americans lost their lives," Mansfield said.

Shortly before Mansfield's statement, the Castro government sent a stiff note dealing with a more recent scrape—last week's attack on a U.S. shrimp boat.

Cuba denied that its planes had fired on the boat and then counter-charged that two U.S. Air Force jets machine-gunned Cuban territory early this month, endangering the lives of Russian and Cuban oil workers.

The U.S. State Department termed the denial propaganda.

Anti-Communist Bill Backfires On Detroit Lawmaker

LANSING (AP) — A proposal aimed at banning Communist speakers from state college campuses backfired against a Detroit legislator Monday night after fellow House members saw red over some of the things he said.

Lawmakers took particular umbrage at the statement by Rep. Richard Guzowski, D-Detroit, that a vote against forcing his proposed constitutional amendment out of committee would be "a vote for Communism."

They responded with a 75-7 vote that killed any chance of the resolution getting onto the April 1 ballot and carried with it an emphatic rebuke for the sponsor.

Guzowski, a freshman legislator who had introduced several anti-Communist proposals in the current session, made a three-minute speech calling for the House to charge the Committee on Constitutional Revision from further consideration of the resolution.

Solon Says Too Much
He charged Wayne State University, the University of Michigan and Michigan State University had violated the will of the people by permitting known and suspected Communists to make public addresses on their campuses.

Whatever support Guzowski had at the outset, he apparently lost with his final statement.

"I'd be glad to support the proposal if it was properly presented," said Speaker Pro tem Wilfred Bassett, R-Jackson. "But saying a 'no' vote is a vote for Communism — That's going too far."

A charge that Guzowski "sounded too much like the late Senator McCarthy" came from Rep. William Boos, D-Saginaw. "He lost my vote when he said we were welcoming Communism to Michigan," Boos added.

In other action, the House passed and sent to the Senate one bill which would establish a 45-mile an hour minimum speed limit on all state freeways, and another providing for the sale of some surplus state land to Traverse City for recreational use.

They passed by margins of 92-9 and 98-5 respectively.

Wage Bill Drafted
In the Senate, a move by Sen. Charles Blomdy, D-Detroit, to discharge the Health and Welfare Committee from further consideration of a bill on Aid to Dependent Children of the Unemployed was postponed for two weeks on a 20-11 party line vote.

A \$1 minimum wage proposal—drafted with the aid of Gov. George Romney's staff but carrying no official endorsement—has been added to the stack of minimum wage bills collecting in the House.

It carries the name of Rep. William Doorn, R-Grand Rapids, who earlier had been identified as the man who would introduce a minimum wage bill on behalf of the Romney Administration.

Both Doorn and the governor's office said, however, the bill was the lawmaker's own and although Romney aides were consulted in its drafting, it could not be termed an administration bill.

Rep. Edwin Fitzpatrick, D-Detroit, introduced a bill to permit the sale of liquor after 2 p.m. on Sundays and a companion bill giving cities over 150,000 population the right to extend closing hours of bars with entertainment until 4 a.m.

Other bills introduced in the House would:

—Provide a \$15,000 appropriation from the general fund to conduct an experimental summer school for the children of migrant workers in June, July and August of this year, with the superintendent of public instruction to report on its results (Beeson).

—Assess all mineral rights 25 cents an acre, with 75 per cent earmarked for the Conservation Department and the rest to be divided 60-40 between schools and county governments (Mack).

Husband Warned By Wife's Dream Tumbles To Death
VALENZA PO, Italy (AP) — Agatino Lo Re, 34, lost his balance and dropped to his death while working high atop a building project Monday.

In his pocket police found a letter from his wife in Sicily.

"Please come home at once. Last night I had a terrifying dream about you. If you don't return immediately, something horrible will happen to you."

Americans Limited To Self-Defense In S. Viet Nam?
WASHINGTON (AP) — The Defense Department says that American military men in South Viet Nam have exercised the right of self-defense.

The question is: Does this mean holding fire until shot at?

At a news conference 11 months ago, Secretary of Defense Robert S. McNamara spelled out this "basic rule of engagement" for U.S. personnel in Viet Nam: "The Americans are under instructions not to fire unless fired upon."

A Pentagon spokesman declined Monday to say whether the rule had been changed. He refused to confirm or deny Saigon reports that American advisers with government troops fighting the Communist Viet Cong have received permission to fire first.

Special Police Not Given Full Power Of Arrest
LANSING (AP) — A home rule city cannot adopt an ordinance granting full power of arrest to special policemen hired by private employers to enforce laws in a particular area, Atty. Gen. Frank Kelley ruled Monday.

The opinion was in reply to an inquiry from Rep. Raymond Baker, R-Berkley, who asked about the legality of an ordinance adopted by the City of Southfield.

Under the ordinance, the police chief was allowed to appoint members of any regional shopping center police force as special police officers with full powers of arrest and authority of regular Southfield police within the regional shopping center.

Kelley said since these special officers are employed, paid and controlled by a private employer, they cannot be given the full power of arrest and authority.

Revelers Cavort In New Orleans
NEW ORLEANS, La. (AP) — Almost anywhere else it would be sheer lunacy. But New Orleans calls it Mardi Gras and becomes the "city that care forgot."

Half a million people—maybe more—throw away their inhibitions today for one big, frenzied blowout.

Cool weather and scattered showers were forecast, but it would take a downpour to drive the happy crowds off the streets.

Between sunup and sundown masking is the rule—this year by order of Mayor Victor Schiro. The variety of costumes is endless.

The masked revelers cavort through the city as costumes and makeup turn sedate businessmen into creatures from outer space, kids into clowns, women into harem girls.

Whole families dress in monkey suits, some draped in Spanish moss.

Parades are scheduled throughout the day and into the night, starting with the zany antics of Zulu, the Negro Carnival deity.

Mardi Gras ends officially when the tower clock in historic St. Louis Cathedral strikes midnight and Rex, the king of Carnival, and Comus, the oldest Carnival deity, drink a solemn champagne toast.

Weather
Data by Weather Bureau, Escanaba and Associated Press

UPPER MICHIGAN: Increasing cloudiness and not so cold to night with low 5° below to 2° above zero. Wednesday, mostly cloudy and a little warmer with chance of snow; high Wednesday 15° to 20°.

Outlook for Thursday: Considerable cloudiness with snow flurries or light snow likely; turning colder with west portion in afternoon and east portion at night.

ESCANABA AND VICINITY: Increasing cloudiness and not quite as cold tonight, followed by mostly cloudy and a little warmer Wednesday with chance of light snow; low tonight around zero; high Wednesday near 20°. Winds becoming west to southwest 8 to 18 mph tonight and south to southwest 12 to 22 mph Wednesday.

Compromise Foreseen On Nuclear Test Ban

This uniformed and armed girl is a member of the Madam Noug, Viet Nam paramilitary group use for psychological warfare against the Communist Viet Cong. One of her duties is to sing propaganda songs. She is with government troops in South Viet Nam. (AP Wire-photo)

Romney Boosts Michigan Climate

DETROIT (AP) — Gov. George Romney brought up a touchy subject Monday in counter-punching California's efforts to ease Detroit out as the U.S. bidder for the 1968 Olympic Games.

The Michigan governor declared this state has a better summer climate than Los Angeles.

"Our summer climate at 71 degrees is a lot better than that of Los Angeles," said Romney.

"Those degrees are clear, sunny Michigan degrees and not smog degrees such as are found in Los Angeles."

Romney spoke at a meeting of Detroit's Olympic Committee which has been expanded to more than 300 members to back up Michigan's efforts to bring the 1968 summer games to Detroit.

The committee includes leaders of industry, labor, business and government.

The U.S. Olympic Committee last Oct. 15 designated Detroit as the U.S. bidder for the 1968 games. But competition among U.S. cities was re-opened two weeks ago at the urging of Los Angeles, which suggested Detroit wasn't making progress in preparing facilities.

The U.S. Olympic Committee will meet in New York March 18-19 to reconsider American contenders. The final decision will be made next October by the International Olympic Committee at a meeting in Nairobi, Kenya.

Man On The Moon Planned By U. S. In This Decade
WASHINGTON (AP) — James Webb, chief of the National Aeronautics and Space Administration, reports the United States still expects to land a man on the moon in this decade—barring an "unexpected eventuality," such as learning that man could not live and work at zero gravity.

Webb told the House Space Committee that NASA's \$5.7-billion budget request is the lowest possible which will keep the lunar program on schedule.

Shipping To Start Late This Year
DETROIT (AP) — A late start in the Spring shipping season on the Great Lakes appears almost certain.

The U. S. Weather Bureau reported Monday all the lakes, except Ontario, are 90 to 100 per cent ice-covered.

Ordinarily, shipping gets well under way by mid-March. But W. W. Oak Detroit Weather Bureau chief, predicted navigation would be late and difficult.

In its first ice report of 1963, the weather Bureau said ice generally is at least two feet thick north of Grand Haven on Lake Michigan and north of Bay City on Lake Huron's Saginaw Bay. Saginaw Bay and other harbors are frozen tight.

The report said Lakes Superior, Michigan and Huron are 90 per cent ice-covered and Lakes Erie and St. Clair are nearly 100 per cent covered.

On lower Lake Michigan the Coast Guard cutter Sundew, breaking ice for tanker shipping, progressed only 21 miles within 24 hours after leaving her Charlevoix port.

Only in the middle of Lake On-

Kennedy Steps Up Tax Cut Campaign
WASHINGTON (AP) — President Kennedy is stepping up his personal campaign for a tax cut after being told by top congressional strategists his whole fiscal program is in trouble with Congress and the public.

Capitol Hill sources close to the tax problem said today the chances of a reduction this year—which Kennedy said again Monday has the "first priority"—may depend on two things:

1. Kennedy's success in making the idea more popular than many members now believe it to be. A surprising number report that most constituents who write at all about the subject oppose tax reduction because they are worried about deficits or do not think the cut would amount to much for them.

2. The state of the U.S. economy as measured by the employ-

Kennedy Steps Up Tax Cut Campaign

ment figures published in April, the month when the House Ways and Means Committee will get down to writing a bill.

Speaking Monday to an American Bankers Association symposium, Kennedy went farther than any previous administration spokesman in advocating a tax reduction of \$10 billion or more—even if the tax revisions he proposed as part of the package are junked.

He had proposed reducing rates enough to cut revenues \$13.6 billion, but reworking portions of the internal revenue code to correct what he termed inequities and restore \$3.4 billion of the lost revenue.

Kennedy recently has been told by top congressional strategists that the lawmakers as a whole have not been converted to the idea of cutting taxes while the government expects an \$11.9 billion deficit next year—despite the argument that stimulated business will hasten a budget balance.

Moreover, he was told there is little chance of the House Ways and Means Committee agreeing on much of a tax structure change in time for legislation to be enacted in 1963.

Kennedy was advised he would have to help win over constituents who have been writing anti-tax cut letters to their congressmen.

He was counseled also to choose carefully the associates who make public appeals for his program.

Kennedy's immediate problem is the Ways and Means Committee, whose chairman, Rep. Wilbur D. Mills, D-Ark., is on record as favoring a tax cut only in connection with tax revision.

Venus Secrets Unveiled Today
WASHINGTON (AP) — Venus, the mysterious lady of the universe, has her grand unveiling today.

The secrets Mariner II gathered in its historic Dec. 14 flight past the shrouded planet will be made public at an afternoon news conference.

The National Aeronautics and Space Administration said the information received from Mariner on the planet's temperatures has been decoded and analyzed.

NASA declined to comment in advance on reports that temperatures at or near the planet's surface were found to be between 300 and 400 degrees.

Previously, earth-based temperature measurements of Venus indicated near-surface temperatures of 615 degrees, and temperatures of 38 below zero in the upper atmosphere of the planet.

This would indicate temperature maximums far in excess of the boiling point of water. Lead melts at 600 degrees.

James E. Webb, NASA administrator, told the House Space Committee Monday that details of Mariner's discoveries about Venus had been withheld until scientists could present the information in a form so he could "sign my name to it for publication."

Mariner, launched last Aug. 27, gathered data continuously on its 180 million mile journey to Venus, with four devices to obtain information on magnetic fields, particle radiation, cosmic dust and solar plasma or gas clouds.

Then, during a 42-minute approach to within 21,594 miles of Venus, two special pieces of equipment—a microwave radiometer and an infrared radiometer—probed Venus for surface and atmospheric temperatures. They also checked on the structure of its cloud layer.

This information was relayed 36 million miles to earth. Mariner then sped on toward the Sun. Radio contact with the 447-pound craft ended Jan. 4, when it was 54.3 million miles out in space.

No Disarmament
WASHINGTON (AP) — Sen. John D. Pastore, D-R.I., chairman of the Senate-House Atomic Energy Committee, says that no disarmament agreement with the Russians is in sight.

He gave that appraisal to reporters Monday after the committee had been briefed on the status of nuclear test ban talks in Geneva.

Betancourt Sees End Of Castro
MEXICO CITY (AP) — Venezuelan President Romulo Betancourt wound up a visit to Mexico today after failing to get President Adolfo Lopez Mateos to support his view that Cuba's Fidel Castro constitutes an evident threat to the continent.

Betancourt predicted at a news conference that the Castro regime "is not going to last long," and said Havana is a relay point to pass on Moscow's terrorism and subversion orders to the rest of Latin America.

But when he and Mexican Lopez Mateos issued a joint communique on Betancourt's three-day state visit, the sensitive Cuban issue was sidestepped.

The communique said the two chiefs of state agreed:

1. Consultations will take place on ways to protect basic prices of raw materials in the Western Hemisphere.

2. Venezuela and Mexico will exchange petroleum technicians.

3. They will set up a mixed commission to boost commerce.

Postoffice Will Soup Up Service
WASHINGTON (AP) — The Post Office Department plans to soup up its service. Postmaster General J. Edward Day outlined these new steps at a businessmen's luncheon Monday:

1. A gradual expansion of an airmail for first-class mail which misses the last train but can still be put aboard a plane for the same destination.

2. The trying out of a luminescent ink on air mail stamps so that high-speed machinery can pick out the air mail from other types and channel it for faster handling.

3. The extension to 214 more cities of the new four-hour downtown delivery program for business mail.

Ford Will Build Taconite Plant At Minnesota Site
MINNEAPOLIS (AP) — Henry Ford II, president of Ford Motor Co., has informed Minnesota's Democratic congressional delegation the firm has decided to go ahead with construction of a multi-million dollar taconite plant near Eveleth, Minn.

The offices of Sens. Hubert Humphrey and Eugene McCarthy and Rep. John Blatnik, D-Minn., made public Monday a letter from Ford confirming this.

The letter said Ford had made the decision "based upon assurances from both Democrats and Republicans in Minnesota a favorable tax climate for the taconite industry will be preserved."

Warships End Duty In Mediterranean
JACKSONVILLE, Fla. (AP) — Eleven destroyers and two guided missile frigates are scheduled to return from duty in the Mediterranean to their home port, Mayport Naval Station, Saturday morning.

The frigates are the Farragut and Luce. Returning destroyers are the Bailey, Fox, Goodrich, Huntington, Ingram, Meredith, Noa, Perry, Power, Stribling and Turner.

TODAY'S CHUCKLE
Personnel manager to female applicant: "We offer several fringe benefits — two weeks' vacation, paid-up insurance, a pension plan, and two unmarried vice-presidents."

Mother Drowned Saving Dog On Ice
VARESE, Italy (AP) — Gabriella Nuzzi's dog dashed out on ice-covered Lake Varese Monday as the 10-year-old girl and her mother were out walking. The ice broke.

Mrs. Ivette Nuzzi, 34, went after the pet to still the child's tears. The ice cracked again and Mrs. Nuzzi plunged into the frigid waters.

The dog swam ashore and trotted home. A skindiver recovered Mrs. Nuzzi's body.

Sunday Liquor Bill Debated In Lansing Hearing
LANSING (AP) — A bill to permit Michigan bars to serve liquor on Sunday—on a local option basis—was praised by hotel and convention industry spokesmen but denounced by church and temperance leaders Monday at a public hearing in the Senate chamber.

During the four-hour hearing, one senator admitted he had broken the law and another lawmaker said several "independent" witnesses were all using charts and graphs furnished by a temperance organization.

Support for the measure, sponsored by Sen. Stanley Rozycki, D-Detroit, was voiced by members of the Detroit Common Council, convention bureau officials and major Detroit hotels.

The council already has voted to support a Sunday liquor policy for the Motor City.

Convention officials testified Detroit has had trouble lining up meetings because many convention-goers have the idea the city is a dead town on Sundays, when many delegates arrive for pre-convention activities.

Opposition to the bill was based mainly on arguments that allowing bars to serve liquor on Sundays would result in an increase in traffic accidents.

But Rep. Edwin Fitzpatrick, D-Detroit, who has sponsored similar unsuccessful bills in the House for several sessions, said the present law puts Michigan in the bush league.

"I wonder if the do-gooders think they will deny anyone a drink of whiskey by the Sunday ban," he said.

"If a man does not know a bar that is cheating on Sunday—and there are many of them—or does not know a 'blind pig'—which are plentiful—he will buy a bottle of whiskey on Saturday, so who is kidding who?"

"All these holier-than-thou people are doing is making chiselers out of people, cheats out of bartenders and crooks out of policemen."

Door Left Open
Foster and Macovescu seemed to leave the door open for a final inspection quota compromise between the American minimum demand of seven and the Soviet maximum offer of three.

"There is no issue of ours that we have declared to be immutable save the fundamental principle that a test ban agreement must be adequately verified," the American delegate said.

Macovescu was more explicit. He chided the West for expecting more Soviet concessions without meeting the Soviet position "half way."

"The natural conclusion to draw from this is that the two sides ultimately will come together on five inspections," said one highly placed nonaligned source.

Senate O. K. Doubtful
Such a compromise would involve a major political concession by each side.

The United States for months has warned the Soviet negotiators that the fewer inspections they agreed to, the more difficult it would be for the Kennedy administration to get a test ban treaty ratified by the U.S. Senate.

Sen. Hubert Humphrey D-Minn., senatorial observer at the conference, said last Thursday the U.S. Senate would never ratify a treaty calling for only three inspections a year.

Man On The Moon Planned By U. S. In This Decade
WASHINGTON (AP) — James Webb, chief of the National Aeronautics and Space Administration, reports the United States still expects to land a man on the moon in this decade—barring an "unexpected eventuality," such as learning that man could not live and work at zero gravity.

Webb told the House Space Committee that NASA's \$5.7-billion budget request is the lowest possible which will keep the lunar program on schedule.

Shipping To Start Late This Year
DETROIT (AP) — A late start in the Spring shipping season on the Great Lakes appears almost certain.

The U. S. Weather Bureau reported Monday all the lakes, except Ontario, are 90 to 100 per cent ice-covered.

Pershing Missile Passes First Test
CAPE CANAVERAL, Fla. (AP) — A near-operational model of the Pershing artillery missile has registered its first test flight success.

The new Pershing Group 4 missile was fired under simulated tactical conditions Monday night and hit a target 130 miles away.

The missile will be stationed with NATO troops in Europe later this year.

Husband Warned By Wife's Dream Tumbles To Death
VALENZA PO, Italy (AP) — Agatino Lo Re, 34, lost his balance and dropped to his death while working high atop a building project Monday.

In his pocket police found a letter from his wife in Sicily.

"Please come home at once. Last night I had a terrifying dream about you. If you don't return immediately, something horrible will happen to you."

Americans Limited To Self-Defense In S. Viet Nam?
WASHINGTON (AP) — The Defense Department says that American military men in South Viet Nam have exercised the right of self-defense.

The question is: Does this mean holding fire until shot at?

At a news conference 11 months ago, Secretary of Defense Robert S. McNamara spelled out this "basic rule of engagement" for U.S. personnel in Viet Nam: "The Americans are under instructions not to fire unless fired upon."

A Pentagon spokesman declined Monday to say whether the rule had been changed. He refused to confirm or deny Saigon reports that American advisers with government troops fighting the Communist Viet Cong have received permission to fire first.

Special Police Not Given Full Power Of Arrest
LANSING (AP) — A home rule city cannot adopt an ordinance granting full power of arrest to special policemen hired by private employers to enforce laws in a particular area, Atty. Gen. Frank Kelley ruled Monday.

The opinion was in reply to an inquiry from Rep. Raymond Baker, R-Berkley, who asked about the legality of an ordinance adopted by the City of Southfield.

Under the ordinance, the police chief was allowed to appoint members of any regional shopping center police force as special police officers

Operation Action Meets On Friday

MARQUETTE — Operation Action—U.P., devoted to economic development in the Upper Peninsula, will be launched Friday, at a meeting of Upper and Lower Peninsula leaders in Marquette. Members of the Operation Action advisory committee will meet with Upper Peninsula representatives to discuss objectives and projects designed to strengthen the U.P. economy.

William F. Wilson will be introduced as the executive manager of operation action with headquarters in the Marquette Club Building of Marquette.

William Rooney of Ebasco Services, Inc., New York, will present his firm's updated economic survey of the Upper Peninsula at the 2 p.m. meeting in the Northern

Michigan University Student Center. The group will meet again for dinner at the Northland Hotel. Operation Action—U.P. is headed by co-chairmen Walter L. Cislak, president of the Detroit Edison Co., and Dr. Edgar L. Hardin, president of Northern Michigan University.

The Advisory Committee is comprised of civic, business and government leaders from throughout Michigan and other states. Among the members expected to attend the March 1 meeting are R.E. Cros, chairman of the board, American Motors Corp.; A.H. Aymond, Jr., chairman of the board, Consumers Power Co.; Carl G. Hogberg, president Michigan Limestone Division U.S. Steel Co.; and Troy Browning, president Browning Lanes, Inc., Detroit.

Operation Action is an outgrowth of a week-long tour and series of conferences in the Upper Peninsula.

He will work closely with the Advisory Committee, area development groups, and other associations concerned with similar objectives.

Baptist Society Special Program Opens Thursday

The Women's Missionary Society of the Calvary Baptist Church will hold its monthly meeting Thursday at 2 p.m. at the church.

Included in the afternoon's program will be a short meditation, "Conquest Through Christ in Attitude," by Mrs. Donald E. Wolf, a number in song by Mrs. Robert E. Meyers and a filmstrip entitled, "This is the Lord's Day."

Twice yearly the women of the Baptist General Conference participate in a week of special prayer, study and giving for Home Missions and Foreign Missions respectively. The filmstrip Thursday is tied in with the "Christ for the Homeland" emphasis. It is the story of the birth, struggle and organization of a Baptist Church in Robinson Township in southwestern Michigan.

Several cottage prayer meetings will be held in the homes of the members in the next few weeks continuing the study and prayer for this Home Mission effort.

A time of fellowship will follow the devotional hour with Mrs. Harlan Meunier, Mrs. Mike Smart and Mrs. Elwood Oman as hostesses.

The public is invited to attend.

Fair Exhibitor Veteran Sought

How many farmers and others are there in the Upper Peninsula who started showing livestock and other exhibits at the U. P. State Fair in 1928?

The U.P. State Fair Board of Managers would like to know who they are and if they have exhibited at the Fair continuously since it opened in 1928.

"The Fair was closed during the war years (1943-45) but if there are persons who have been showing cattle, poultry, vegetables, cakes, cookies, preserves, needlecraft and other handicraft at the Fair through years since 1928 we would like to know about it," said Ray LaPorte, secretary-manager.

The Fair management is also interested in having the names of cattle exhibitors who first started to show their cattle at the Fair in 1928 and whose children or grandchildren have carried on since, LaPorte said.

Survey forms have been mailed to exhibitors requesting that the information be submitted. Any person qualifying who has not received a survey blank is urged to send the information to the State Fair Office in Escanaba.

The 1963 Upper Peninsula State Fair premium book will devote a special section to those exhibitors having a 35 year record and will also print photographs taken during the 1928 Fair.

Centennial Ball Booking Marterie

Mrs. Jon Thorin, chairman of the Escanaba Centennial Ball Committee, announced today that it has engaged Ralph Marterie and his Marlboro Orchestra for the Centennial Ball. The ball will be held July 6 at the Exhibition Building of the U. P. State Fair with dancing from 9 p. m. to 1 a. m. Tickets will be \$2.50 per person.

The Exhibition Building will be decorated in a festive manner for the ball and the floor will be specially treated for dancing.

Ralph Marterie and his Marlboro Orchestra are the most sought-after ballroom attraction in the country, according to polls conducted by "Downbeat" and "Cash Box" magazines, Mrs. Thorin said.

Ticket Co-chairmen Mr. and Mrs. Robert Appel and Mr. and Mrs. Ed Hurley will announce soon when and where tickets may be purchased.

Admission to the ball will be by advance ticket sale only. No tickets will be sold at the ball.

The committee booked Marterie through the Agency For The Performing Arts, Chicago.

Ralph Marterie

Snow Queen Picked

MARQUETTE (AP)—A 20-year-old junior from Eastern Michigan University at Ypsilanti is the 1963 Michigan Collegiate Snow Queen. She is Olivia Sample and was chosen from a field of nine candidates in a highlight to Northern Michigan College's All-Events Weekend.

Four To Leave For Induction

Four Delta County young men will leave for induction on March 5, it was announced today by Miss Mary Wagner, clerk of the local draft board.

Miss Wagner said the men will report to the draft board office at 8:30 a. m. on that date for roll call and will leave by regular bus for the Milwaukee reception center.

The inductees, all volunteers, include: Fredric C. Olson of Escanaba, leader of the group; John D. Touthak, also of Escanaba; Raymond O. Leadman, Stonington; and Richard W. Lewis of Escanaba.

According to Miss Wagner, the tentative call for April has been received and is for five men for induction and five for pre-induction. She said the departure date has not yet been received, but orders will be mailed when it is.

Mackinac Island Roadman Passes

Marcelais Hubbard of Mackinac Island died Sunday, Feb. 17 at 10 a. m. at Little Traverse Hospital in Petoskey after four months illness.

He was born in Windsor, Ontario, Canada, July 9, 1889 and came to the island as a boy and operated a dray for a few years and was then employed by the State Highway Department and the Mackinac County Road Commission as maintenance foreman until his retirement 3 years ago. Since then he has been a maintenance man for Moral ReArmament.

He was a member of Thomas F. Grant Post No. 5 of the American Legion at St. Ignace and a veteran of World War I.

Surviving are his wife Gladys, a step-daughter, Mrs. C. J. Thibodeau of Escanaba, 7 grandchildren and 5 great grandchildren.

The body was taken to the George Davis Funeral Home where military rites were held on Tuesday evening.

Funeral services were held at 2 p. m. in the MRA Great Hall at Cedar Point with the Rev. Carl E. Oswald of the St. Ignace Methodist Church officiating and Dr. Joseph A. Solomon reading the 23rd Psalm.

Pallbearers were Mayor Raymond Smith, Aldermen John Blowski and Robert Doud, Brooks Onley, Robert LaPine and John Franks.

Burial was in the Mackinac Island Cemetery.

League Reviews Its Support Of Good Government

The League of Women Voters heard Miss Delight Mashek review subjects which Michigan Leagues have studied and chosen to support in the past, and brought the members up to date on these topics at the League's meeting last night.

Miss Mashek explained that the League maintains interest in these subjects in order to take action when needed. The seven continuing responsibilities of the Leagues in Michigan at present are:

1. Fair and uniform property tax assessment.
2. Improved services to mentally disturbed children, foster care, and unification of children's services.
3. Support of a system of Civil Service to provide qualified personnel in government.
4. Fair employment practices.
5. Improvement of the state constitution by orderly and periodic revision.
6. Reapportionment.
7. Improvement in the structure of state government by means other than constitutional change.

A lively discussion of the proposed new state constitution followed a presentation by Mrs. Arthur E. Crain, president of the local League, who reviewed the points of difference between the present constitution and the one drawn up by the Constitutional Convention. The League of Women Voters has taken a stand in support of the proposed constitution after a study of several years duration.

The following slate of officers for the coming year was proposed by the nominating committee:

President, Mrs. Arthur E. Crain; first vice president, Mrs. Russell Huhn; second vice president, Mrs. Victor Powers; secretary, Mrs. Russell Johnson; treasurer, Mrs. Robert Hanson; directors: Mrs. Marvin Marshall, Mrs. William Taylor, Mrs. Adolph E. Progress Cited In Conservation

New developments in the Michigan Department of Conservation, including reorganizations designed to improve the effectiveness of the department services were told by Glenn Gregg, Marquette, Upper Peninsula parks and recreation supervisor, to the Kiwanis Club Monday noon.

One of the major changes will be the appointment of regional directors who will have complete authority in their districts, thus giving more powers to field units who are in close contact with regional problems and projects, he said. The entire Upper Peninsula is Region 1 in the administrative setup.

Gregg briefly outlined the organization of the Conservation Department. The seven-member Commission is appointed by the Governor; the Commission appoints a director for one year terms; and also a secretary who handles liaison between the Department and the Commission.

Seven major functions of the Conservation Department are in divisions, each with a separate chief. They are divisions of geology, lands, forestry, game, fish, field administration, and parks and recreation.

He reviewed the operations of each of the divisions and described innovations and changes. One of the important changes is in or-

Juveniles Admit Theft Of Liquor From Super Market

Two Escanaba boys, 13 and 16 years old, have admitted to police that they burglarized Norm's Super Market here and made off with a quantity of liquor, cigarettes and other items.

Police said that the boys were questioned last night and confessed forcing open a door of the market and stealing the articles, only a small amount of which has been recovered.

The boys have been released to their parents. They will be brought into juvenile court.

Fined \$50 On Drunk Charge

Kenneth R. Johnson, 52, of Rte. 1, Bark River, was fined \$45 plus court costs of \$5 when arraigned before Justice A. J. Mortier Monday on a charge of being drunk in or about a motor vehicle.

Johnson was arrested by sheriff's officers at 4:45 p.m. Monday in North Escanaba.

organization, shifting direct authority to the three regional deputy directors, giving them full charge of management, personnel and decisions over all field activities.

The speaker was introduced by Allen Davidson of the Kiwanis Club's program committee.

There's money in this pile of old phone books

That's why we're shipping this mountain of old directories back to the paper mill. There it will be reduced to pulp once again, then made into new paper for future Michigan Bell telephone directories.

We salvage about 3 million of these old directories every year—enough to fill a 76-car freight train to capacity!

This behind-the-scenes operation saves a considerable amount of money. And it's just one of the many ways all of us at Michigan Bell work to keep expenses down. We never stop looking for new cost-cutting techniques so we can continue to provide you with telephone service that's high in value and low in cost.

Michigan Bell Telephone Company

Delta's 6 Banks Mark Centennial Of Dual System

The year 1963 has been proclaimed "The Centennial of American Commercial Banking" by Mayor Harold Vanlerberghe.

The proclamation notes that commercial banks throughout the country are observing the 100th anniversary of President Lincoln's signing of the National Currency Act, on Feb. 25, 1863. This Act gave the nation its dual banking system by authorizing federally chartered national banks to operate alongside already existing state-chartered banks.

In issuing the proclamation, Mayor Vanlerberghe termed the dual banking system "a clear and historic response to the Constitution's call for checks and balances" in the apportioning of governmental power.

"Under this system," he said, "private ownership of our banks has a choice of doing business under either state or federal supervision. This gives the private citizen protection against arbitrary or oppressive policies and actions at either level of government."

Mayor Vanlerberghe praised the "responsible and aggressive role" of commercial banks in fostering the area's economic growth. The centennial observance theme of "Progress Through Service," he said, "is one which every resident of Escanaba can endorse."

Six Delta Banks
Delta County, observing the centennial of American Commercial Banking, has six banks, three nationally-chartered and three state-chartered banks. The State Bank

of Escanaba, the State Bank of Gladstone and the Bank River State Bank are all state-chartered, and the First National Bank of Escanaba, the Escanaba National Bank and the First National Bank of Gladstone are federally-chartered.

Passage of the National Currency Act in 1863 marked the beginning of a new era in American banking. The main purpose of the act was "to secure a uniform national banking system of currency, without the creation of a great central institution like the old United States Bank."

From the lapse of the charter of the second Bank of the United States in 1836 until the establishment of the national banking system in 1863, U. S. banking was made up exclusively of private, that is, unincorporated, banks and of banks operating under corporate charters granted by the various states.

As a result of widely diverse state laws, the quality of banks varied from fairly good to very bad. Some states, notably New York, Massachusetts and Louisiana, enacted sound banking laws to protect noteholders and depositors; these laws were implemented by bank supervision and examination.

In many areas, however, banking abuses such as excessive issue of notes, inadequate capital, risky and illiquid assets, and highly inadequate reserves resulted in bank notes of widely differing values. Poor communication magnified the problems of ascertaining the quality of a bank's notes.

From the demise of the second Bank of the U. S. there had been wide-spread demand for banking reform, but not until the needs of Civil War financing developed was it accomplished. Lincoln's Secretary of the Treasury Salmon P. Chase and others believed an additional market for government bonds could be created by permitting the establishment of new banks which could issue notes only on the basis of their holdings of such government bonds.

Thus Congress had two principal motives in providing a new system of national, that is federally-chartered, banks, to be owned and operated by private individuals: 1. to replace the unsound and unsafe state banking system with

Escanaba's friendly Junior Chamber of Commerce played hosts to the 27 man Honor Guard of K. I. Sawyer Air Force Base at a repast at the Stone House Saturday after the Guard participated in the U. P. inaugural for Governor Romney and before they paraded the Colors in the grand march at the inaugural ball at Marco's Starlite Room. From left: S/Sgt. Douglas R. Delta Is Favored In Baking Potato Industry Project

new banks that would issue safe and uniform currency; and 2. to secure a new source of loans with which to finance the Civil War. The bill which was passed proved more useful as a means of banking reform than as a source of Civil War funds.

By January 1865 there were 638 national banks in existence. Contrary to what had been expected, many state-chartered banks had not converted to national banks. In March 1865 Congress voted to impose a 10 per cent tax on all further issues of state bank notes. In response, applications for charter conversions poured in. By October, 1865 the number of national banks had risen to 1,513. Meanwhile, the number of state banks dropped from 1,100 in 1864 to 250 by 1868.

The National Banking Act remained the country's major piece of banking legislation until passage of the Federal Reserve Act in 1913.

Obituary

MRS. INGRID NELSON

Complete funeral services for Mrs. Ingrid Nelson were held at 1:30 p. m. Monday at the Anderson Funeral Home Chapel. The Rev. Karl J. Hammar of Central Methodist Church officiated. Burial was in Lakeview Cemetery.

Indicators of bigger and better developments in Upper Peninsula agriculture were discussed yesterday when UPCA's Agricultural Committee met in Marquette.

The group, one of the more active standing committees of the Upper Peninsula Committee on Area Problems, headed by Frank Molinare of Iron Mountain, were looking at more than "straws in the wind." A survey reported by Del Meister of Marquette, area conservationist of the Soil Conservation Service, showed that there are 2,275,900 acres in the Upper Peninsula suited for growing the area's current best-selling Russet Burbank baking potatoes.

Outstate investors are looking with more than lukewarm interest into the possibilities of establishing processing and shipping facilities in the Upper Peninsula. Delta County is the one in which they are most interested because of its access to lake shipment, al-

though the earliest inquiries were in Dickinson County. Even some Dickinson growers are interested in expansion of production in Delta, the committee was told.

An Agricultural Stabilization Committee report by Mike Pellagrin of Norway indicated that 17,312 Upper Peninsula acres will come out of the soil bank this year. The group agreed that much of this land might be used for beef farming after hearing an optimistic report on the feeder calf business from George Coppes of Delta County, a Garden Peninsula beef rancher. He has a 200 cow beef herd and predicts an even stronger market for Northern feeder cattle that go into Wisconsin and Lower Michigan feed lots.

Discussing the "not so bright" dairy situation, which is currently clouded by a special milk drop pricing arrangement by out-of-state dairies, the committee voted to have UPCA's legislative advisors check "state and federal trade laws to see if any infractions are being committed."

A resolution calling for such action was to be drafted today in a dairy marketing meeting scheduled in Escanaba. Discussing a fair trade bill which has been introduced in the Michigan Legislature, the group said that it was practically the same bill which was unfortunately misinterpreted last year as a price fixing instead of a price posting bill.

Pointing out a need for processors to check the quality records of new producers they take on for Grade B milk, the committee agreed that Michigan Manufacturing Milk Bill No. 1028, now being considered by Michigan legislators, would take care of the problem. There was agreement that agricultural and food processing interests should encourage passage of the bill.

Others attending Monday's meeting at the Northland Hotel were dairy manufacturers Roy Fassbender of Marquette and William Jilbert of Calumet; Dairymen Bruce Crandall of Daggett and Charles Donaldson of Stephenson; Hugo Kivi, of Escanaba, regional representative of the Michigan Farm Bureau; Bernard Biekkola of Marquette, western U. P. supervisor for the Farmers Home Administration; and Rick Hartwig, Michigan State University agricultural economist.

Mrs. Holmes Dies In Minneapolis

Mrs. Carolyn M. Holmes of Minneapolis, the former Carolyn Nolden, member of a prominently known Escanaba family, died at 6 p. m. today in North Memorial Hospital in Minneapolis.

Mrs. Holmes was born in Escanaba April 19, 1886, the daughter of Joseph and Pauline Nolden. She was graduated from St. Joseph's High School in June of 1906 and was a graduate of Northern State Normal, Marquette, and Wayne University in Detroit. She taught in the Escanaba Public School system, in Ferndale, Mich. schools and in Great Lakes College, Detroit.

She is survived by three brothers, Joseph L. Louis J. and George M. Escanaba and several nieces and nephews.

The body will be brought to Escanaba and will be taken to the Alto Funeral Home. Services are planned tentatively for Thursday or Friday.

Toastmasters Set Plans For Contest

The Bay de Noc Toastmasters Club completed plans for their Area Speech Contest, which will be held at Marco's Restaurant on Saturday, March 9, during their regular meeting Monday evening.

Harland Lippold was toastmaster at Monday's meeting. Five minute speeches were presented by Bill Miller, Dwight Cochran and Fred Fisher. Ted Fordney acted as master evaluator.

Anyone interested in the Toastmasters Club, or public speaking, is asked to contact either Walter Peterson at ST 6-5535 or Harland Lippold at ST 6-0655.

New Manistique Water Tank Bond Issue Defeated

MANISTIQUE — Strong negative voting in the First Precinct defeated a proposal to issue \$85,000 in bonds for construction of an elevated water tank in a special election here Monday.

The vote was 235 yes and 200 no and a three-fifths majority was needed for it to pass. Only property owners or their husbands or wives could vote.

The bonding proposal would have provided half the revenue needed for a \$172,000 improvement that would have provided increased water pressure throughout the city. Application had been made to the Federal Housing and

Home Finance Agency for the remainder of the cost.

Due to the election the regular city council meeting on Monday night was postponed until tonight.

The vote by precincts:
First, 56 Yes, 120 No.
Second, 60 Yes, 30 No.
Third, 119 Yes, 50 No.

The proposed tank would replace a 200,000 gallon 1921 structure now in use. The new tank would be 300,000 gallon capacity.

In other business at the council meeting tonight plans for appointment of a new city manager will be considered. The city has received 30 applications and has screened them down to three possibilities and the council will decide tonight who shall be interviewed to succeed John Murray, who resigned a year ago. City Clerk W. A. Moreau has been serving as acting city manager.

George Cater Of Cooks Dies, 86

MANISTIQUE — George Cater, 86, of Cooks died suddenly in Schoolcraft Memorial Hospital at 3:30 p.m. Monday.

He was born in Hamlin, New York March 27, 1876 and since he was 18 had lived in Delta and Schoolcraft counties. In recent years he had made his home with the Claude Segerstrom family.

His wife Elizabeth died in 1898. He was a woods worker.

Funeral services will be conducted at 10:30 a.m. Thursday in the Kefauver & Jackson Funeral Home with the Rev. Frank Hollenbach of Nahma officiating. Friends may call at the funeral home after Wednesday evening.

Perkins

Basketball

Perkins will meet Grand Marais in the last home game of the season Wednesday night at Perkins. Mothers of the first and second grade will serve on the PTA lunch committee for this game and co-chairmen are Mrs. Kenneth Depuydt and Mrs. Donald Depuydt.

Mr. and Mrs. Gerard Depuydt left Friday for a week's visit with their son, State Trooper Dick Depuydt and family of Bay City.

Mr. and Mrs. Ray Louis and family of Menominee recently visited with Tom Gibbs and Bud Norden.

Fire Marshal Checks School

A fire safety inspection of the 81-year-old Franklin School building was made today by Detective Sgt. Hubert Hanley, state fire marshal, Marquette.

He was accompanied on his tour of the building from attic to basement by Escanaba Fire Chief Nels Bergeon, Escanaba Electrical Inspector Peter Breclaw, members of the school board, Mrs. Robert Ham, Franklin PTA president, and others.

"When was this building constructed," Hanley asked.

"In 1882," replied School Supt. Walter Bright.

"Perhaps it's old enough to retire," Hanley suggested.

Replacement of the Franklin School was a part of a "package" program for the improvement of elementary school buildings rejected by the voters on Feb. 18.

The state fire marshal's report will be made to the school board, with recommendations. The building was last inspected by the state fire marshal in 1960.

Hanley indicated that his report may be largely completed today. There may be some aspects of the inspection requiring further study, however, he said.

The school board is meeting tonight at 7:30 in the Webster Annex.

Asian Flu Wave Hits 16 States

By The Associated Press

Influenza and respiratory ailments continue to take a heavy toll. The U.S. Public Health Service's Communicable Disease Center at Atlanta said Asian flu has been confirmed now in 16 states and the District of Columbia.

In one North Carolina area, where flu reached epidemic proportions, there were indications that the outbreak has passed its peak.

School officials in Wilkes County, N.C., reported Monday that the number of absences is declining and the county's 28 schools have been reopened. They were closed Feb. 15 because of flu.

Connecticut and Iowa were added to the list of states where Asian flu has been found. Shifted from the list of indefinite to Asian diagnosis were South Carolina, Delaware and New Jersey.

Arkansas and Missouri were added to the list of states where flu-like outbreaks have been noted.

Richmond, Va., reported four new deaths for a total of 66 since Jan. 26. There were 14,728 new cases reported in Virginia last week.

Respiratory illness is spreading in Alabama. Marshall County reported 1,290 victims over the weekend, bringing the state's total to more than 6,000.

The Communicable Disease Center reported that Asian flu has been confirmed in Georgia, the Carolinas, Virginia, District of Columbia, Maryland, Delaware, New Jersey, New York, Connecticut, Massachusetts, Ohio, Michigan, Illinois, Kansas, Iowa, and Minnesota.

Flu-like ailments were listed in Kentucky, Indiana, Missouri, Oklahoma, Arkansas, Tennessee, West Virginia, Vermont and Maine.

Dr. Smith Honored

HOUGHTON — Dr. R. L. Smith, head of Michigan Tech's Department of Metallurgical Engineering, has been named a division chairman for the American Institute of Mining, Metallurgical and Petroleum Engineers and will assume the duties as chairman of the Institute of Metal Division.

Girl Secretaries Sized For Seats

WASHINGTON (AP) — Aside from her fingers, what part of a secretary's anatomy gets the most wear?

That's right and Rep. Tom Steed, D-Okla., is concerned about it.

"You have only to look down the hall to see they're not all the same size," Steed says.

His remedy would be to provide the Capitol Hill girls with a choice of chair sizes.

Steed, chairman of the Legislative Appropriations subcommittee, is a sort of housekeeper for Congress. His subcommittee must approve whatever Congress spends on itself, for curtains, watercoolers, garages, office help, furniture and what-have-you.

That's where Steed's concern with the comfort of the secretarial help comes in.

As long as new furniture must be bought, Steed said, there might as well be two or three styles of stenographers' chairs, and different sizes.

"Nobody can do a good day's work if they have to sit in a strained position," Steed said.

Dr. George W. Calver, the Capitol physician, agrees with Steed on providing a variety of chair sizes and shapes.

"I think it's a good idea," Calver said. "After all, anything you can do to get more work out of a stenographer is all to the good."

More seriously, he said, "You can't take a woman who weighs 200 pounds and have her comfortable on the same chair a 90-pound stenographer sits in."

Kimberly-Clark Earninas Boosted

MEMPHIS, Tenn. (AP)—Directors of Kimberly-Clark Corp. reported a rise in earnings and voted a boost in the regular quarterly dividend Monday.

The board voted to increase the dividend from 45 cents to 50 cents a share, with the new rate to be paid April 1 to stockholders of record March 8.

John R. Kimberly, chairman, said net sales for the three months ending Jan. 31 were \$133,642,259, up from \$128,471,047. Third quarter net earnings were \$8,002,875, up from \$7,674,210.

Gasoline Prices Under Study Here

The Public Affairs Committee of the Delta County Board of Supervisors today announced that a study is being made into reports that the price of gasoline is somewhat higher in the Delta County area than in other parts of the Upper Peninsula and Northern Wisconsin.

Frank Stupak, chairman of the committee, said a number of requests had been made by residents of the area recently to investigate the matter.

"Many of those requesting the check," Stupak said, "felt that since the gasoline is delivered by boatload to storage tanks in the Escanaba-Gladstone area, and distributed by truck, that the price of the product should be the same, if not less, than other sections of the U.P. and Northern Wisconsin."

He said that the Public Affairs

Committee will follow-up several suggestions offered at a recent meeting: (1) determine what factors control the price of gasoline in the area; (2) determine who is responsible for controlling the price; and (3) establish whether or not any state agency can concern itself with the price of gasoline in the area.

According to Stupak, several members of the committee expressed the opinion that if the price of gasoline remains above the price of other areas it would have an adverse effect on the tourist business in the Delta County area.

Members of the committee also discussed the possibility of setting up a "County Government Day." Stupak said the purpose would be to inform and show county residents how their tax monies are being spent.

"This would be done," Stupak said, "by inviting the people to visit the various county government offices, pointing out what the county has accomplished in the past several years, and what the future needs of the county will be."

Public Affairs Committee men are: Eugene Beck, Rte. 1, Gladstone; Jacob A. Bink, Escanaba; Joseph Goodman, Kipling; Grey Knau, Cornell; Maurice LaVigne, Rte. 1, Ensign; Phil Miron, Ford River; George Ruch, Escanaba; Harold Vanlerbergh, Escanaba; Henry Vietzke, Rapid River; Glenn Moreau, Escanaba; and Ray Norton of Gladstone.

County Schools Share \$207,168 In State-Aid

Delta County Treasurer Ann S. Villeneuve reported that a check in the amount of \$207,168 has been received by her office as the February payment of state-aid to schools.

The monies, which are received in accordance with Act 312 of Public Acts of 1957, represent 16.6 per cent of the year's total.

Largest portion of the total amount was received by the Escanaba City Schools, \$93,956. Second largest was the Gladstone Public Schools with \$31,208. Brampton Township Schools received the smallest share with \$3,154.

Remaining schools received the following amounts: Baldwin, \$6,142; Rapid River, \$14,110; Nahma Township School District, \$3,984; Fairbanks, \$2,324; Bark River, \$21,414; Flat Rock, \$12,616; Garden Township School District, \$6,640; and Rock Public School District \$11,620.

Ash Wednesday, distribution of ashes will take place at Mass in the morning at 7:30, noon and at 7:30 p. m. Daily Mass will be at 7:30 a. m. through Saturday. Friday service is Stations of the Cross and Benediction.

Bake Sale

The Methodist W. S. C. S. is making plans for a bake sale to be held March 9 at the church.

First Lutheran

Senior confirmation class will meet at the First Lutheran church Thursday at 3:45 p. m. Choir rehearsal is at 7:30 p. m.

Mrs. Clarence Flynn has returned home after a visit in Zanesville, Ohio.

Mr. and Mrs. Ed Roberts Sr. and Mrs. Betty Cayer attended the funeral of Michael Kennedy in Munising Monday.

Mr. and Mrs. Jack Finlan, Milwaukee, spent the weekend visiting their parents.

Mr. and Mrs. George Hager and family spent Sunday at the home of Mrs. Hager's parents, Mr. and Mrs. Kosti Numinum in Three Lakes.

Rev. Warren Jolls, pastor of the Limestone Baptist church, spent last week at a conference in Detroit.

Glenn Goin Jr. visited his wife and children this weekend. He has been a patient at the Veteran Hospital, Wood, Wis.

Robert Cayer has returned from Chicago after a short visit with relatives.

Achievement tests will be given in the 9th, 10th and 11th grades March 5.

Baby Food Ransom Delivered In Cuba

HAVANA (AP) — Another ransom payment—2,500 tons of baby food worth an estimated \$1.5 million—was delivered Monday by the freighter Priamus for liberation of the Bay of Pigs invaders. It was the fourth big installment payment for the freedom of the 1,113 prisoners.

Briefly Told

The Delta County Board of Supervisors will reconvene on Friday, March 8, at 10 a. m. in the County Building.

Escanaba High School class of 1953 will hold an important reunion meeting tonight at 7 in room 104, Escanaba Junior High School.

Escanaba firemen were called to the home of Hazel and Laura Brown, 904 S. 15th St., at 7:05 a. m. today The chimney burned out but there was no damage.

Ralph Rivard of 1408 Lake Shore Drive, has entered a plea of guilty to reckless driving when arraigned in Escanaba Municipal Court and paid a fine of \$50 and costs of \$5.

Leonard W. Wedell, Escanaba Rte. 1, was summoned to traffic court by Escanaba police for not having a Michigan operator's license and for an improper registration.

William J. Rowley, 66, of Ford River, who was arrested Jan. 28 by Escanaba police for driving while under the influence of intoxicants, pleaded guilty in municipal court in Escanaba Feb. 13. He was ordered to pay a fine of \$50, costs of \$5, and his operator's license was revoked.

WLST will carry Pope John XXIII Ash Wednesday Lenten Message to Catholic school children of America, Wednesday at 11:15 a. m. This year's message will be delivered by Archbishop Patrick A. O'Boyle of Washington, D. C.

Next meeting of M.E.A. Region 17 Council (Delta, Menominee, Alger, Marquette, and Dickinson Counties) will be held on March 13 instead of the date previously announced. The meeting will be held in Norway at 4 p. m., CST. There will be a workshop session for delegates to the M.E.A. Representative Assembly, which will convene March 28 in Lansing.

Churches Merge In 35 Countries

By GEORGE W. CORNELL
Associated Press Religion Writer
NEW YORK (AP)—The newly advanced proposal for merger of Methodists and the Church of England in Great Britain comes in the midst of a worldwide effort to restore Christian unity.

Church leaders have referred to the trend as a "new Reformation," marking a reversal of the long series of denominational divisions.

It has involved every branch of Christendom — Protestant, Eastern Orthodox and Roman Catholic—and emerged as the dominant note of the first session of the Second Vatican Council.

Among Protestants, more than 50 merger negotiations are currently going on in 35 countries.

Lutherans United

This was disclosed in a recent survey by the Rev. Patrick C. Rodgers of Geneva, Switzerland, executive secretary of the Department of Faith and Order of the World Council of Churches.

"There are people all over the world terribly anxious to attain a greater measure of Christian Community," he said in a recent interview.

In the United States, several merger negotiations are now going on, and several have recently been successfully completed.

One series of talks involves the Protestant Episcopal Church (the Anglican wing of British Anglicanism) in a consultation on church union with the Methodist Church and four other denominations.

Initial discussions were held last spring. Another round of talks is scheduled March 17-19 in Oberlin, Ohio.

Other denominations whose representatives are taking part are the United Presbyterian Church, the Christian Churches (Disciples), the United Evangelical Brethren, and the United Church of Christ.

The United Church itself is a recent merger of Congregational Christians and the Evangelical and Reformed Church, the first union in this country to combine bodies of different national origins.

Several Completed

In two years, eight branches of Lutheranism have united into two large bodies, the Lutheran Church in America and the American Lutheran Church. The United Presbyterian Church represents a recent merger of two branches.

Moves in Britain toward bringing Methodists and the Church of England together would likely have a stimulating effect on closer relations of the two communions in this country.

Methodists and Episcopalians stem from common background. The founder of Methodism, John Wesley, was an Anglican priest, and remained one throughout his life.

Protestant and Roman Catholic meetings also are mushrooming across the country, in the wake of the spirit generated by the Second Vatican Council and Pope John XXIII's open-armed hospitality toward "my brothers in Christ."

Hospital

Patients admitted to St. Francis Hospital on Monday included: Michael O'Brien, 1515 17th Ave. S.; Roy Metz, Rte. 1, Rapid River; Mrs. Mary Peltier, Rte. 1, Gladstone; Scott DeShambo, Arnold; Kevin Smith, 1531 Sheridan Rd.; Charles Priestner, 317 S. 16th St.; Warren Harris, 411 Michigan Ave.; Gladstone; Mrs. Eleanor Coan, 423 S. 7th St.; Mrs. Mary Nieuwenkamp, 601 Montana Ave.; Gladstone; Patrick Morrow, 301 S. 16th St.; Mrs. Rose Deault, Brampton; Katherine and James Nelson, 307 N. 14th St.; William Goodwill, 1722 8th Ave. S.; Scott Gravelle, 309 S. 19th St.; and Cynthia Sigfred of Rte. 1, Ensign.

Carol Jean Dubord, 411 S. 9th St., is a patient at St. Luke's Hospital, Marquette. Her room number is 210.

Newberry

St. Gregory's Lenten Schedule
Father Emil Beyer, Pastor, Fr. Paul Manderfield, assistant. Ash Wednesday, 7 a. m. Mass, Blessing of and Distribution of Ashes. 8:15 a. m. Mass and Distribution of Ashes. 5:15 p. m. Mass, Sermon Distribution of Ashes.
Friday—2:45 p. m., Children's Way of Cross, Benediction. 7:30 p. m., Way of Cross and Benediction.

Pink and Blue Shower

Mrs. Lorraine Maki entertained 12 guests at a pink and blue shower at her home recently honoring her niece, Mrs. G. Betterly (the former Donna Maki).

The evening was spent playing a variety of novel games, with prizes being awarded the winners. Mrs. Albin Anderson was presented with the house prize. Lunch was served, after which the guest of honor was presented with many gifts.

Hospital Admissions

Admissions to the Tabquamenon General Hospital this weekend were Michael Glazier of Hulbert, Don Hopper, Strongs, George Stratton, Willard Kropp, Anthony Hoody, Tynne Rintamaki and Mrs. Hattie Pearce.

Cold Feels Like Record Winter, But 74's Champ

The cold hit -14 degrees in Escanaba this morning and readings as low as -39 at Rapid River and -34 at Breezy Point were reported in the environs, but the cold has still another day to go to equal a record for sub-zero days here, and two days to go to break the mark.

It's expected to be broken, of course, because there's quite a hunk of winter left, says Meteorologist S. E. Decker of the Escanaba Weather Bureau. He'll issue his 30 day forecast for March at the end of this week to tell whether the homeowners or fuel dealers are going to be happy next month.

The -14 cold today equalled the all-time record for the day, Feb. 26, set in 1934. Decker said there will be some moderation tonight, with a low of about zero. The high today was to be about 15 and tomorrow's high temperatures will be in the low 20s, with a chance for snow flurries.

Michigan and Wisconsin were the nation's cold spots today as Arctic cold moved into the Midwest. It was -27 at Pellston in the Lower Peninsula and at Stevens Point, Wis., this morning and -26 at Marquette Airport, Neegaunee and Ishpeming, but only -7 in downtown Marquette. In the still night altitude was a strong influence on the severity of the cold.

Wausau, Wis., had -23. Green Bay -15, Milwaukee -4, the Sault -13, Alpena -19, Traverse City -20, Detroit -1, Houghton -12, Grand Rapids -8, Saginaw -10, Chicago -6 and Hibbing, Minn., -25.

For the Escanaba Area persons who have been wondering if this cold isn't an all time trial for humans, Decker has a negative answer. It's been much colder here. In December the average temperature was 20.8 degrees, in January it was 3.2 and in the first 25 days of February it was 10.8 degrees. That's a three month average of 13.3 degrees, which is 7 degrees below normal for the period.

There were six zero or below days in December, 19 in January, 13 in February, a total of 38 in the three months. In the winter of 1958-59 there were 13 such days in November, 10 in December, 16 in January and 9 in February, a total of 36, with 3 more in March for a total of 39 for the whole winter.

Escanaba has now had 38 sub-zero days so with one more it will tie 1958-59, a cold winter, with a three month (December-February) average of 14.1 degrees, which was 0.8 degree warmer than this winter.

But other cold winters were worse. Three month (D-F) averages showed the 14.1 mark equal-

led in 1935-36, and beaten in 1919-20 with 11.8, in 1917-18 with 11.2 and in 1916-17 with 11.7. The coldest winter of record was 1871-75 with an average of 8-1 and in 1884-85 it was 10.5 and in 1903-04 it was 10.4.

In the winter of 1884-85 there were 65 below zero days, of which 49 were in the three months December through February, compared with this winter's 38 to date. The four month average temperature in 1884-85 was 11.8 degrees.

In consecutive days of zero or below the Jan. 13-31 period provided 16, but the record was 24 consecutive days from Jan. 29 to Feb. 22 in 1936.

This winter has been significant, said Decker, in its deficient snowfall, which has resulted in an unusual number of frozen water pipes. "And it's not over yet," he said.

Delta Farm Bureau Holds Meeting

Delta County Farm Bureau Board of Directors held their regular meeting Monday at the Albert Whybrow home in Trenary.

The proposed new constitution was one of the main topics of discussion. Plans were made to promote a better understanding of the provisions of the new document. The Delta County Farm Bureau will be working for a Yes vote on April 1.

Mrs. Edith Kryzanski, of Thompson, reported on the Freedom Conference which she attended Feb. 6 through 8 at Central Michigan University at Mt. Pleasant.

Delta County was seventh in Michigan in the 1963 membership drive. A victory supper will be held at Newmann's Restaurant in Rapid River on March 12 at 8 p. m. All Farm Bureau members are urged to attend. Reservations should be sent to Mr. and Mrs. Llewellyn Larson, Rte. 1, Escanaba.

An Upper Peninsula District Institute will be held at the American Legion Hall in Rapid River on March 20. Staff personnel from the Lansing office will be present. They include Clarence E. Prentice, secretary-manager, Roger N. Foerch, manager of organization division and J. Delbert Wells, manager of the program development division.

The next meeting will be held at the John Marcella home on March 25.

A self-made man is just an average run-of-the-mill type with a built-in publicity agent.

Sludge Smashes Homes, Tanks

LOUISVILLE, Ky. (AP)—Buildings, homes, railroad cars and gasoline and oil storage tanks lay smashed in a sea of sludge today, casualties of the collapse of a huge pile of carbide-lime residue.

The big mound gave way Monday night with a roar "like the earth was giving way," said one witness.

Thousands of tons of the waste material broke from the Air Reduction Chemical & Carbide Co. plant in Louisville's West End, near the Ohio River.

No injuries were reported. About 22 workers ran from the firm's furnace department, as sludge eight to 10-feet deep slid toward them.

Flowing north to the Standard Oil Co. of Kentucky storage terminal, the sludge toppled railroad cars, buried buildings and crushed storage tanks. Gasoline and oil cascaded into the river. A number of cars and trucks were engulfed.

Fire officials said the resulting gas leaks and vapors posed the danger of fire and explosion and fire crews kept overnight vigil.

Company officials had no immediate estimate of damage.

The sludge was a byproduct of the manufacture of acetylene gas.

Tech Checking On Off-Campus Student Housing

Ann Landers

Remove Goldfish From Under Bed

Dear Ann Landers: I am 10 years old. My name is Bobby. I have always wanted a dog but my mother says dogs are too much trouble and I'll have to wait until I get married and then my wife will have the job. I was even willing to settle for a cat but Mom wouldn't go for that either.

I am not figuring on getting married for quite a while so I made a compromise almost. I saved money out of my allowance of 25 cents a week and bought two goldfish. I also paid 10 cents for fish food. I named one fish De Gaulle and the other fish Macmillan because these men are very important in the news and the goldfish look like important characters.

My problem is I have kept the goldfish in a water pitcher under my bed since Saturday. I am afraid Mom will find them. Please tell me how to break the news.—BOB

Dear Bob: Break the news FAST. Two such distinguished characters as Macmillan and De Gaulle do not belong under the bed.

Promise Mom you'll take full responsibility for the care of the fish. The water should be changed and the bowl should be washed regularly.

Dear Ann Landers: I'm 28, single, and have been keeping company with a man 36. He has been married twice but neither marriage worked out. Fortunately he has no children.

I'm a little overweight and could not win any beauty contests. To

be honest I never was very popular, even in my younger and slimmer days. This is the only man who has ever asked me to marry him.

Kent is attractive, good company and gentlemanly. The big problem is he gets roaring drunk two or three times a week and then he's like a different person.

My girl friend tells me no marriage is perfect and that I'm too fussy. She says one day I'll regret it. She passed up a chance to marry 10 years ago and has been kicking herself ever since.

Before you advise me, please remember the big three zero is breathing down my neck and there is nobody else in sight.—CHATTANOOGA CHOO CHOO

Dear Choo Choo: A two-time loser who gets knee-walking drunk two or three times a week could hardly be considered a spectacular candidate for marriage.

Don't marry a man with an unresolved drinking problem or you'll regret it. Tell him if he can dry out (with or without help) and stay off the sauce for 6

LITTLE LIZ

months you'll consider marriage. But not until.

Dear Ann Landers: I am a widow 53 years of age but could pass for 10 years younger.

I've been alone for two years. am financially independent and my children are married. Women's clubs, teas and card-parties are coming out of my ears. To put it bluntly I hunger for male companionship. But how can a decent woman let a man know (without appearing brazen and cheap) that she would like to spend some time with him?

A fine gentleman I have known for many years lost his wife two weeks ago. I realize it's a little early for him to be lonesome, but how can I let him know I'm around? He is very desirable and if I just sit back and wait, some-

one else will surely get to him first.

Please give me some smart advice.—YOUNG AT HEART

Dear Young: The smartest advice I can give you is to put away your hunting and fishing equipment and relax. If you've known this man for years, he knows you're around.

Nothing is more unattractive to a bereaved widower than a predatory, overeager female.

Confidential to Fed To The Tonsils: If all marriage means to you is making eighteen meals a week for "that big ape" you need more help than I can give you.

Sermon Series
At Immanuel
Begins Wednesday

"The Ten Commandments" will be the theme of the meditations at this year's Lenten midweek services at the Immanuel Lutheran Church of Escanaba. In his messages on the Ten Commandments Pastor Gordon Thorpe of Immanuel will point out how they are not only an important part of Judeo-Christian culture and religion, but that they can be linked to today's headlines and living problems.

The first of these midweek services will be at 7:30 p. m., this Wednesday, Feb. 17, and they will continue each Wednesday evening at the same time during the period of Lent. This week's service will be the traditional Ash Wednesday Communion service. The anthem will be sung by the Senior Choir.

Child care will be provided in the church nursery to assist parents who attend. Everyone is invited to any of these services.

Births

JOHNSON — Mr. and Mrs. James A. Johnson, 524 Michigan Ave., Gladstone, are the parents of a daughter, their third child, born at St. Francis Hospital Feb. 25 at 11:02 a. m. The infant, Katherine Grace, weighed 8 pounds and 11 ounces. The mother is the former Sally Graham.

HARRIS—The first child of Mr. and Mrs. Dennis N. Harris, 611 N. 7th St., Gladstone, is a son, Albert Dennis, born at St. Francis Hospital Feb. 25 at 11:03 p. m. The infant's weight was 7 pounds and 6 ounces. Mrs. Harris was Sandra Terrien.

DEROUIN—Mr. and Mrs. Ronald E. Derouin, 523 N. 18th St., welcomed their first child today, Feb. 26, a son, Randy Allan, born at 7:38 a. m. at St. Francis Hospital. The baby's weight was 8 pounds and 11 ounces. Before her marriage Mrs. Derouin was Judith Tryan.

SIDBECK—The first child of Mr. and Mrs. Gary L. Sidbeck of 2100 Ludington St. is a son, weighing 7 pounds and 3 ounces, born today, Feb. 26 at 9:28 a. m. at St. Francis Hospital. The infant has been named Stephen Lee. Nancy LaCrosse is the mother's maiden name.

Women's Activities

Observance Of Lent Begins Ash Wednesday

Members of churches of all denominations in the Escanaba area, with Christians throughout the world, will begin their annual observance of Lent tomorrow, Ash Wednesday, in observance of the passion and crucifixion of Christ.

Ashes, symbolizing the mortality of the physical body, will be imposed on the foreheads of members of the Catholic and the Episcopal Churches. In many other churches the opening day of the Lenten season will be marked by meditations, sermons and prayer services.

The 40 week days and six Sundays preceding Easter were set aside as Lent by a decree of Pope Felix II in 487 A. D. The season had been observed traditionally before that date.

The ways of observing Lent are varied, including, in addition to church services, fasting and personal sacrifices.

The symbolic ashes, which are imposed with the words, "Remem-

ber, O man that thou art dust and unto dust thou shall return," are obtained from burning palm branches consecrated on Palm Sunday of the previous year.

'Lighted Cross' Lenten Services At Christ The King

The Ash Wednesday Holy Communion Service of "The Lighted Cross" will take place at 7:30 p. m. in Christ The King Lutheran Church, 13th Ave. N. and 18th St. in Escanaba. The Rev. Erlend E. Carlson, pastor, will preach on the theme: "Scarred Hands". The sermon will be followed by Holy Communion. The Senior Choir will sing "Deep Were His Wounds".

A Lenten worship service will take place on each of the Wednesdays during the Lenten season with the following themes: March 6, "Praying Hands"; March 13, "Loving Hands"; March 20, "Accusing Hands"; March 27, "Forgiving Hands"; April 3, "Guilty Hands"; Maundy Thursday, April 11, "Bequeathing Hands"; Holy Communion service in remembrance of our Lord's Last Supper; Good Friday, April 12, "Pierced Hands"; this service will take place at 1:30 p. m.

There will be special music during each of these evening services of "The Lighted Cross." The church will be darkened during the sermon and the closing hymn will be sung from projects projected on a screen. The public is invited to attend these Lenten worship services.

On the Sundays during Lent, Pastor Carlson will preach on a series of the life of the Apostle Peter. These worship services will be at 8:15 and 10:45 a. m. with special music at every service.

The topics will be: March 3, "Peter's Call, Luke 5:10; March 10, "Peter's Confession", Matt. 16:16; March 17, "Peter Walking on the Sea", Matt. 14:28; March 24, "Peter's Lesson on Forgiveness", Matt. 18:22; March 31, "Peter Far-Off", Luke 22:34; April 7, "Peter's Tears", Luke 22:62; Easter Sunday, "Peter at the Tomb", John 20:1-9.

World Day Of Prayer Service At Garden Church

Women of the Gladstone Association of Congregational Christian Churches which includes those at Cooks, Garden, Fayette, Isabella and Rapid River, will join in a common service of prayer Friday, March 1.

The services will be held in the sanctuary of First Congregational Church and will begin at 2 p. m.

Leaders will be Mrs. Charles Bowen, Rapid River, Mrs. Dale Watchorn of Isabella, Mrs. Lyle Deuparo, Cooks, Mrs. Gilmer Netheron and Mrs. Walter Kreshefske, Garden, Mrs. Axel Rasmussen, Fayette, and Mrs. Stephen Matheny, Cooks.

Refreshments will be served. A period for fellowship will follow the close of the service.

All women, regardless of denomination affiliation are invited to attend.

Mary Ann Derkos Is The Bride Of John L. Shulick

Mary Ann Derkos, 709 Beech St., Lansing, daughter of Mr. and Mrs. Michael Derkos, 322 N. 20th St., Escanaba, became the bride of John L. Shulick, son of Mrs. John J. Shulick, 926 Cleo St., Lansing, and the late Mr. Shulick, in an 11 a. m. ceremony Feb. 16 at Holy Cross Church in Lansing.

Fr. Dennis Herbst, OFM, officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a ballerina length dress of chiffon with fitted lace bodice, elbow length sleeves and bell-shaped skirt. She carried white carnations and rosebuds.

Her maid of honor, Betty Car-

on of Escanaba, was attired in a dress of salmon colored peau de soie with overskirt and she carried white feathered carnations and salmon colored gladioli.

Donald Shulick of Lansing was best man for his brother and ushers were Tony Derkos of Escanaba, brother of the bride, and Terry Frank, Lansing, a nephew of the bridegroom.

A breakfast at Tarpoff's was followed by a reception at Holy Cross parish hall.

Two Services Of Holy Communion At Bethany

Bethany Lutheran Church of Escanaba will mark the beginning of the Lenten season with the celebration of Holy Communion at two services Ash Wednesday evening. The first will begin at 6 and the second at 7:30.

The Rev. Walfred E. Nelson, pastor, will deliver the Communion Meditation on the topic, "This Is The Life." Special music will be provided by Mrs. Arthur W. Olson and the Bethany Senior Choir under the direction of Conrad Beck.

Lenten mid-week services will be held each week beginning Wednesday, Mar. 6, at 8 p. m.

Sunday worship services are held at 9 and 10:45 a. m. A Church School session is held with each service and a nursery class for those not enrolled in Church School is held at the 10:45 services in the Nursery Room in the church parlors.

Services Begin Ash Wednesday At Calvary Lutheran

Mid-week Lenten services will begin at Calvary Lutheran Church, Rapid River, Ash Wednesday, Feb. 27, at 8 p. m., and will continue through the Lenten season each Wednesday evening. Holy Communion will be observed on Ash Wednesday and Holy Thursday.

The pastor's messages this year will be: "Christ Communed," "Christ Captured," "Christ Condemned," "Christ Crucified," and "Christ Conversed."

Members and friends are invited to these special services to hear the Passion story and thus prepare themselves for the message of Easter.

A Holy Communion service will be held on Thursday evening, Feb. 28 at Trinity Lutheran Church, Stonington.

Perkins Third Order

The Third Order of St. Francis met at the church hall for a business session. Lunch was served by Mrs. Cyril Sinnave and Mrs. Agnes Peterson.

Royal Neighbors

Royal Neighbors meeting will be held Thursday, Feb. 28, at the home of Mrs. Henry Martin.

Church Trustee

Word has been received of the investiture of Arthur (Dick) Branstrom as trustee of St. Raymond's Church in Dearborn. Branstrom is the son-in-law of Mr. and Mrs. Jule Demeuse and Mrs. Branstrom is the former Irma Demeuse.

Mr. and Mrs. Frank Falkies and Mr. and Mrs. Jerome DeBaker left for a two week vacation in Florida.

Church Events

Chancel Choir
The Chancel Choir of Central Methodist Church will meet for rehearsal Wednesday at 7 p. m.

Association Meeting
The Women's Association of the First United Presbyterian Church meets tonight at 7:30 p. m. at the church.

St. Stephen's Services
Ash Wednesday services at St. Stephen's Episcopal Church are Penitential Office at 10 a. m. and Holy Communion at 7 p. m.

First Presbyterian
Meetings at First United Presbyterian Church Wednesday are Youth Choir at 4:15 p. m., Senior High Fellowship at 6:45 p. m. and Sanctuary Choir at 8 p. m.

Salem Ev. Lutheran
Ash Wednesday services with the Lord's Supper will be held at Salem Ev. Lutheran Church at 7:30 p. m.

St. Patrick's Catholic
Ashes will be distributed Ash Wednesday after the 8 a. m. Mass and again after the Lenten Devotions which begin at 7:30 p. m. Stations of the Cross will be held Friday at 2:30 and 7:30 p. m.

Salem Meetings
The Ladies' Aid of Salem Ev. Lutheran Church meets Wednesday at 2 p. m. The Ash Wednesday services with the Lord's Supper at 7:30 p. m., will be followed by Choir rehearsal.

Central Methodist
Traditional Ash Wednesday service will be held at Central Methodist Church Wednesday beginning at 7:30 p. m. The Sacrament of the Lord's Supper will be celebrated. The Anthem will be sung by the Chancel Choir and the sermon will be given by the minister, Karl J. Hammar.

Christian Science Society
"Christ Jesus" will be the subject of the Lesson-Sermon this Sunday at the Christian Science Society.

"I am the way, the truth, and the life: no man cometh unto the Father, but by me." These words of the Master taken from John's Gospel (14:6) will be used as the Golden Text.

"Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labour is not in vain in the Lord" (1 Cor. 15:58) is one of many passages that will make up the Scriptural readings.

From "Science and Health With Key To The Scriptures" by Mary Baker Eddy this citation will be read: "It is possible, — yea, it is the duty and privilege of every child, man and woman, — to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness" (p. 37).

Mrs. Donald Joseph Nault (Gordon Nelson Photo)

Beverly Terrien, Donald J. Nault Exchange Vows

Standards holding yellow gladioli and blue iris decorated the altar of St. Thomas the Apostle Church for the wedding of Beverly Ann Terrien and Donald Joseph Nault. The 10 a. m. double ring service and Nuptial High Mass took place Feb. 16 with Father Donald Shiroda officiating. Parents of the newlyweds are Mr. and Mrs. Carl Terrien, 929 Washington Ave., and Mrs. Alfred Scheren, 214 N. 18th, and Donald Nault of Quinnesec.

In the bridal party were Donna Marie Nault of Milwaukee, maid of honor for her sister, Mary Margaret LaCorte, bridesmaid, Durwood Waldo Chase, Bark River, who served as best man, Darwin Nault, groomsmen, and Gerald Liebel and Dick Lewin, who ushered.

The bride wore a floor length gown of lace and taffeta, detailed with long lace sleeves, pointed at the wrist, and mandarin collar. A double crown of pearls held her fingertip veil. She carried a colonial bouquet of pink roses and white carnations. Her pearl earrings were the bridegroom's gift.

The honor maid was attired in a dress of light blue nylon tricot and net over taffeta with matching headpiece and slippers and the bridesmaid wore a like ensemble of pale yellow. Blue iris and white carnations were in their colonial bouquets.

Mrs. Terrien's jacket dress was a brown print jersey and Mrs. Nault wore a blue ensemble. Their corsages were carnations.

The reception was held at the Eagles Hall.

The newlyweds, who went to Ontario, Canada, for their honeymoon, are living in Escanaba at 315 S. 10th St. Both are 1961 graduates of Escanaba Senior High School.

Social-Club Golden Age Club

The Golden Age Club will have its regular meeting Wednesday, Feb. 27, at 7:30 p. m., at Club 314.

Evening Star

The Evening Star Lodge meeting this evening will be held at the home of Mrs. Ellen Johnson, 319 N. 16th St., instead of at the Chamber of Commerce Building.

Personals

The Rev. and Mrs. Karl J. Hammar and Mr. and Mrs. Fred Rice Sr., 1123 10th Ave. S., have returned from a three week vacation in Hollywood and other points in Florida.

A/1c Dale Anderson of Mountain Home AFB, Idaho, is spending a 30-day leave with his mother, Mrs. Florence Anderson, 509 N. 19th St., and with other members of the family.

TWO FOR THE HOSPITAL CHATTANOOGA (AP) — S. J. (Pete) Weitzell rode an ambulance as a white-coated attendant on the way to pick up a sick woman and take her to the hospital. He made the return trip as a patient.

Weitzell slipped while carrying the ambulance cot, fell down and fractured a hip.

No admission will be charged, but a free-will offering will be received.

Stephenson Final Foe For Escanaba Tonight

With the Great Lakes Conference championship in the hands of the Eskymos, as of Gladstone's defeat of the Soe last week, Escanaba enters the finale against Stephenson tonight with a 13-2 season record and has won its last five starts. The two defeats were suffered to Marquette.

Three teams have their eyes on the Central U.P. League crown as the regular-season high school games draw to a close this week and the Central pennant the only one yet to be decided.

Nahma (11-2 in league play), Perkins (11-3) and Eben (10-3) will vie for the title in season ending play this week.

Tonight Nahma tackles Cooks and on Friday the Arrow's clash with Eben. Perkins trails Nahma one half a game and will meet Rock Friday. Eben plays one less game than the other two and therefore needs a Rock and Cooks victory to gain the title.

Rapid River will be dethroned by the Central Champion, Rapid held the crown for two campaigns without a single league setback.

The only undefeated team left in the U.P., the Champion Indians, with an impressive 17-0 tally, has hopes of becoming only the second (Rudyard was the first) U.P. team in cage history to win 19 straight games.

Champion is also going to attempt to keep their number one scorer with the scoring crown Bill Koski, who is winding up a

Northern Closes Perfect Season

By The Associated Press

Northern Michigan College has closed out a perfect basketball season on its home court.

The Wildcats defeated Lakeland of Wisconsin 98-63 Monday night at Marquette for their 13th straight victory before the home fans. It gave Northern a 15-7 season record. Lakeland suffered its first loss in 11 games and is 18-4 for the season.

Gary Silc with 25 points and Bob Amrstead with 20 were top scorers for Northern. Marty Gharriy scored 17, including nine in about four minutes of second half.

In other games:

Olivet, which has won only one game in 20 this season, made a brave try at improving its record but bowed to Defiance College 89-80. Olivet stayed in contention until the final four minutes when the Ohioans came up with six quick points.

Senior forward Don Phillips closed out his Alma College basketball career by scoring 32 points in leading Alma to a 113-108 decision over Lawrence Tech. Alma finished the season with a 12-9 record. Lawrence Tech is 11-14.

Gary Fewless scored 22 points in Aquinas College's 89-68 victory over Albion. The victory left Aquinas with a 10-6 record, while Albion, which finished its season, wound up with a 7-14 overall mark.

In Big Ten competition, Michigan, trailing 35-31 at halftime, rallied for a 78-70 victory over Iowa. Bill Buntin led the Wolverines with 32 points—10 of them on free throws.

Eskymos Sponsor 'Parents' Night' At Game Tonight

Tonight is "Parents' Night" at the Escanaba-Stephenson basketball game, when parents of the players and the cheer leaders will be honored.

Following annual custom, the parents will be introduced from the gym floor at this last game of the season. The Eskymos are Great Lakes Conference champions.

The ceremony is sponsored by the school and the Eskymo Fan Club. Corsages will be presented to the ladies.

Independents Win Over Mead Corp

In City League action Monday night the Independents defeated Mead Corp, 52-41. Score pacers for the league-leading Independents were Dick Bryson with 11, Mike Heminger and John Berrigan 10 each. Mead's was led by Fran Semashko with 12 and Tom Moreau 8.

Tom's Flat Rock downed Jaycees No. 1 43-31 with Wally Severinsen hitting 12 and Wally Slade 10 for the winners. Roger Beauchamp plunked in 11 for the losers.

Games Wednesday: 6:30, Taylor Ins. vs. Mueller's Pizza; 7:30, Heron Electric vs. Tom's Flat Rock; 8:30, Jaycees No. 2 vs. Jaycees No. 1.

Rookie Tabbed For Cubs Field

By The Associated Press

Jackie Brandt, a man in motion in the Baltimore Orioles' lineup last year, will be perfectly content to stay put during the 1963 American League baseball season.

Brandt, who did more wandering than a gypsy, couldn't get untracked as Baltimore finished seventh. He wound up with a .255 batting mark, 42 points lower than his average in 1961 when the Orioles were third.

Manager Billy Hitchcock indicated today that Brandt will be the Orioles' regular center fielder and will be installed as the No. 2 man in the batting order until someone beats him out.

The 28-year-old former National Leaguer shuffled around left, center and right fields for Baltimore in 1962 and even played third base. At the plate he hit second, third, fifth and sixth.

Bob Kennedy, head coach of the Chicago Cubs, also named his team's starting center fielder Monday. Rookie Nelson Mathews, who batted .368 in the minors last season, has been tabbed for the post with sophomore Lou Brock slated to move to right field to fill the vacancy caused by the trade of George Altman.

Other happenings on the spring training front:

Pitcher Jim Constable of Milwaukee Braves suffered a bruised nose when a foul caromed off the batting cage and hit him in the face. Harmon Killebrew, the American League's home run and

Hairdresser, 27, Eyes World Title

MANCHESTER, England (AP)—Dave Charnley, British lightweight boxing champion, basked in the glory of his finest victory today and said:

"Now let me get at Carlos Ortiz for the world title."

At Manchester's Beebe Vue Stadium Monday night, the 27-year-old London hairdresser dealt a devastating sixth-round knockout to his old enemy, Joe Brown of Baton Rouge, La., who held the world crown for six years until Ortiz took it last April.

Jets To Play Here Thursday

The Hollywood Harlem Jets will meet Escanaba's Independents Thursday. The game is sponsored by the Eskymos Fan Club and will be played at the Junior High School gym beginning at 8:15 p. m.

Two preliminary games, slated to start at 6:45 p. m., will feature Escanaba and Holy Name High School football teams matched in basketball. Tickets for the games may be purchased at the Patio or from members of the Fan Club.

This is the eighth season for the Jets, they have lost only 43 of the 1,106 games they've played. The team is composed of such fine stars as: Vince Stanelwitz, 6' 4", coach of the team, a graduate of the University of Wisconsin and has played with Rochester of the National Basketball League, Marvin Roberts, 6' 7", center, Warner Saunders, 6' 5", both center and forward, Frank Burks, 6' 4" forward and a former University of Wisconsin great and Horace Brakes, 6' 1" guard.

Playing for the Independents will be: John Berrigan, Dick Bryson, John Martinac, Mike Heminger, Jim Hamelin, Tony Derkos, Dan Francisco, Jim McGovern and Frank Blink.

Raceway Opening Draws 28,730 In Light Snowfall

NEW YORK (AP)—"You would think," a man said, flicking snow off his overcoat collar, "that the horses would have better sense."

Next to him, at the ice-covered rail of Yonkers Raceway for the earliest opening night in New York State harness racing history, his wife snuggled into her fur coat and whined: "You told me we'd be all alone out here tonight, and we can't even get a seat."

They weren't alone. There were 28,730 others at Yonkers Monday night, where the track was listed as fast, the temperature was 30 degrees and a light snow was falling.

A total of \$1,975,656 went through the mutual wagers for the nine races, which was the object of the exercise. The state moved up the opening date this year to raise some money, presumably on the theory that horse players will put up with anything voluntarily that horses will when driven.

The bettors had bid farewell to the trotters last Nov. 30 with the first \$3 million night in harness history.

They gathered early to welcome them back.

In the 19th-century open grandstand, there was the standard race track crowd, neatly dressed couples, seedy-looking fellows who needed a shave clutching rolls of \$10 bills and even a couple of "stoopers" poking through the slush looking for winning tickets that might have been discarded in error.

In the glass-enclosed, heated clubhouse, sleek women in evening gowns cut down to here, table-hopped, and chattered about the snow drifting against the glass. "We left Florida yesterday," one said.

The talk was mostly about horses—and the weather.

The drivers were clad in Air Force jackets and paratrooper pants. Twin clouds of white steam sprayed from the nostrils of the

A-D Class Parings Are Announced

Drawings were held this morning in Marquette for the Class A and D district high school tournaments scheduled for March. C. V. Money, head of the Health, Physical Education and recreation department at Northern Michigan College, reports the following games, dates and times:

The victory put Charnley right in line for a shot at Ortiz. And it could mean the end for Brown, 37, one of the great figures in boxing since World War II.

Brown had defeated Charnley twice before in world title bouts. The knockout came after 2 minutes 45 seconds of the sixth round.

Brown admitted that he had suffered a serious setback in his hopes for a return crack at Ortiz. "I don't know exactly what happened," he said. "I think Charnley's fist went into my eye in the sixth round. My left eyeball hurts badly. This blurred my vision."

"I had a verbal contract with Ortiz that I would get another chance if I did well against Dave. Now perhaps he will get the chance instead."

Charnley weighed 138 pounds, Brown 134½.

Masked Cesare Maniogo of the Montreal Canadiens makes a spectacular save against Rangers at Madison Square Garden in New York. Coming up are Rod Gilbert, left, and Andy Hebenton of the Blues. Note the puck in the air above the stick.

Gladstone Makes Top 10 In Class B Cage Rating

By The Associated Press

Eight down and just one more to go!

That's what the four top teams in the Associated Press' weekly basketball poll must be saying today.

Three of this week's leaders—Benton Harbor (14-0) in Class A, River Rouge (16-1) in Class B, and AND Champion (17-0) in Class D—have led since the first week.

Capac (15-0), named the top team in Class C for only the second week by the AP's panel of Michigan sports writers and sportscasters, was in second place for many weeks before taking over first place last week.

And now there's only one week left. Next Tuesday—the day district basketball play will start for many teams—the AP will name its top four teams for 1963.

No new teams were able to break into the select circle in Class A, as Benton Harbor's powerhouse continued to dominate the field. Grand Rapids South (14-0) moved up to fourth, dropping Ferndale (14-0) to fifth, for the only change among the top five.

The biggest jump in Class B was made by Charlotte (13-1), which jumped from 10th to fifth place. Hudsonville Unity Christian (16-1) trailed River Rouge but was nestled comfortably in second.

Grosse Pointe St. Paul (15-1) moved up three notches in Class C and took over fifth place. Cheboygan Catholic Central (15-0) moved into third, dropping Perry (14-0) to fourth.

Muskegon Christian (11-6) and Port Huron St. Stephen (14-1) broke into the top ten, taking the last two places.

The Class C balloting was marked by the placing of Blanchard (16-1) in sixth place, and the move by Kingston (14-1) from sixth to fifth. It was Blanchard's first placing in the top ten.

The voting based on 10 points for a first-place vote, 9 for second etc. through 1 point for a 10th-place vote:

Class A			Poll pts.		
Team, Record					
1. Benton Harbor (14-0)	135				
2. Grosse Pointe (16-0)	114				
3. Saginaw Arthur Hill (14-0)	111

No Letdown This Year For Champion Giants

CASA GRANDE, Ariz. (AP)—Manager Alvin Dark declares there will be no complacency in his defending National League champion Giants this season.

He's more worried about finding that relief pitcher to put out the enemy fire.

Other than the bullpen, and the determination of a fifth starting pitcher, the Giants' 1963 lineup appears set—a far cry from Dark's first season as manager in 1961 when he started spring training saying Willie Mays was the only starting certainty.

Asked whether his Giants with the stand-pat lineup might suffer a letdown after winning the pennant in 1962, the former shortstop and team captain who now manages the club declared:

"I don't believe in complacency."

In the four previous years, no National League team repeated after winning a pennant.

"I think this year it will be just the opposite of complacency," Dark asserted. "The Giants have been knocking to win a pennant since 1959. Now that they've done it, I think this club will work even

Duke Blue Devils Pressing Bearcats

By The Associated Press

To put it in race track terminology the Cincinnati Bearcats have rounded into the stretch with a good lead, but the Duke Blue Devils are closing fast.

The Bearcats, two-time national champions, again top the weekly Associated Press college basketball poll, but their lead has been cut to 18 points by the second-place Blue Devils.

The poll, announced Monday and based on games through last Saturday, marked the 14th straight week the Bearcats have been No. 1.

But this time they polled only 30 first-place votes from the AP panel of 42 sportswriters and broadcasters for a total of 396 points. Duke, which now has the longest current major winning streak, 15, collected 10 firsts and 378 points over-all. Cincinnati had 402 and Duke 321 points the previous week.

Cincinnati, now 21-1, almost lost its second game of the season last Saturday, but the Missouri Valley Conference champs escaped with a 55-54 victory over Tulsa. Duke, 21-2, whipped North Carolina 106-93 to finish its Atlantic Coast Conference schedule unbeaten.

Chicago Loyola, 23-1, which dropped to third a week ago when its 21-game winning streak was snapped by Bowling Green, retained the No. 3 spot with victories over St. John's of New York and Houston.

The Top Ten with first-place votes in parentheses and points figured on a 10-9-8 etc. basis:

1. Cincinnati (30) 396
2. Duke (10) 378
3. Loyola of Chicago (2) 307
4. Arizona State 227
5. Ohio State 186
6. Illinois 168
7. Mississippi State 102
8. Wichita 89
9. New York University 68
10. Georgia Tech 66

Local Boxers Fight Tonight

(Editor's Note: Ray Crandall is in Chicago attending the Tournament of Champions. This is the first of his reports that will be carried by the Daily Press and Radio Station WLST.)

Boxers representing the area did not fare too well Monday night as the huge Tournament of Champions got underway in Chicago. Ellworth Crowe, Neopit, who defeated Lawrence Elie at 112 pounds in Green Bay, was defeated in his first bout. Dick Sommer, 118 pounds, from Menominee, was beaten in his first fight. Charlie Buss, a member of the Green Bay team, drew a bye in the first round scraps and went on to beat his opponent in the second flight of bouts. Buss fights at 135 pounds. Buss has now reached the quarter-finals of the Tournament of Champions in Chicago.

The big story coming out of the Tournament is the discontinuance of the Tournament of Champions. At a news conference held yesterday afternoon, Wilfred Smith, director of the Tournament, said the Chicago Tribune will not sponsor the Tournament of Champions next year. Smith gave as his reason, a dispute with the Amateur Athletic Union. The dispute involves the use of headgear in the Golden Gloves. Golden Gloves officials have opposed the use of headgear for many years. The Tribune has sponsored this event since its beginning back in 1928.

This evening the boys in the four heavier classes will see action. Larry Bosanic, who reached the quarter-finals last year, will fight at 147 pounds. Pete Bosanic, a finalist last year in the national A.A.U. Tournament, will go at 160. The Bosanic brothers are from Manistique. The 175 pound representative is Curt Hytinen of Milwaukee. Len Urban of Mosinee is the heavyweight representing this area.

In order to reach the Tournament of Champions, preliminary bouts were held in Fond du Lac and Escanaba. The winners from these two areas were paired in Green Bay. The champions from the Green Bay Tournament are representing Northeastern Wisconsin and the Upper Peninsula in Chicago.

Social Visit?

BRADENTON, Fla. (AP)—Hoot Evers, director of player personnel for Cleveland Indians dropped in at the Kansas City Athletics' spring training camp Monday. He described his visit as purely social but it stirred speculation that the A's and Indians have resumed trade negotiations.

Buy And Sell The Classified Way

trade that brought right-hander Jack Fisher and southpaw Billy Hoelt to the Giants.

Hoelt, after 11 seasons in the American League, may be the reliever Dark seeks. Or, said Dark, the job might be filled by Gaylord Perry, younger brother of Cleveland's starter Jim Perry.

GLADSTONE

Discuss Widening Of M-35; Table Food Ordinance

The Gladstone City Commission tabled action on the licensing of food handling establishments until a further study of the issue could be undertaken, when they met in regular session Monday evening at City Hall.

City Manager H. J. Henriksen pointed out that a section of the city's ordinance states that the county health department is designated as the enforcing agent. The question before the board is whether to remain under the city's food ordinance, or go under the county ordinance.

Henriksen said that if the County Health Department plan is adopted they would make four inspections each year and at the end of that time would bill the city for the inspections at a rate of \$2.50 per customer.

Want Parking Control

Commissioner Conan Fisher felt that Gladstone should go under the county plan, but at the same rate Escanaba charges for the service, \$5. However, half of the charge, \$2.50 is returned to the county. The half of the fee retained by the city is used to defray costs of paperwork involved.

Commissioners also decided to hold a public meeting with property owners in the vicinity of M-35 from the new four-lane highway west to the foot of the north bluff for the purpose of informing them on the highway department plans for improvement of this section of roadway.

Henriksen said he had received a letter from the highway department requesting action by the city on parking restrictions in the area once the highway has been widened. The city manager said the department had informed him that contracts for the work were subject to be let during the first quarter of 1965, but that before they're able to get matching funds for the project they must show they can control parking along the stretch of highway.

Legion Requests \$500

Commissioner Reuben Sjoquist said that he felt the matter should be studied before taking any action. "There are several instances along this stretch of roadway where business places would be left without parking facilities if the roadway is widened, unless some other provisions are made," he said.

It was then decided to have Henriksen contact the highway for complete plans on the project. When they are received property owners involved will be asked to meet with the commission and a feasible solution to the problem worked out.

Action on a request for the City of Gladstone to participate in the Mayor Exchange for Michigan Week was tabled.

Delbert Nelson, representing the American Legion Club requested that the city donate \$500 as their share of the annual Fourth of July celebration. Last year the club had been given \$300, but after all the obligations were met the club was left with a small deficit.

City Attorney Clair J. Hoehn said he had discussed the matter

with officials of the centennial committee and the dates will not conflict. "The Gladstone parade will be held on July 4 and the centennial parade will be held on July 6. As a matter of fact, plans are now underway to have each of the two cities participate in each other's parades," Hoehn said.

Nelson said that his club had received a number of inquiries from local teams and drum and bugle corps that wished to take part in the Fourth celebration, but they felt they couldn't answer until they were certain the necessary funds would be available.

The commission advised Nelson to submit his request for the funds in writing and that it would be given consideration at budget time.

A request from the Gladstone Ski Club for a donation of \$300 was approved. The monies had been placed in the donation fund for the club during budget time one year ago.

Commissioners set Monday, March 4, as the date for their first Board of Review meeting. They will meet at 4 p. m. to go over the tax rolls. The public Board of Review meetings have been set for Monday and Tuesday, March 11-12, during which time complaints from the public will be heard.

Closs to Retire

Henriksen also informed the commission that Elmer Closs, city fire chief, has recommended that additional fire alarm boxes be installed at various points in the city. The city manager said a study of the matter will be completed prior to the next regular commission meeting and at that time a report will be made.

Recommended parking restrictions in the vicinity of the Gladstone High School, submitted to the commission by Police Chief Carroll Johnson, will be presented to the Gladstone Board of Education for their consideration.

In addition to prohibiting parking on the west side of 10th St. from Michigan to Minneapolis Ave., which is now in force, parking will also be banned at the following locations: on the south side of Michigan Ave. from 10th to 11th St.; on the north side of Dakota Ave. from 10th to 11th St.; on the south side of Dakota from a point just west of the James T. Jones School entrance easterly to 10th St.; on the north side of Montana Ave. from a point west of the entrance to the James T. Jones School easterly to 10th St.; and on the south side of Montana from 10th to 11th St.

The commission was also informed that Fire Chief Elmer Closs will retire effective April 1. Closs has served the city for 24 years and seven months. A motion was adopted to send him a letter of commendation "for his service."

Charlie Connects

SARASOTA, Fla. (AP)—Charley Maxwell, a former Detroit Tiger outfielder, was the first to hit a ball out of the park as the Chicago White Sox got down to training Monday in warm, sunny weather. Another long poke was J. C. Martin's 400-footer which bettered Maxwell's distance by a few feet.

G. H. Casey

Casey Shifted To Dallas Office

G. H. Casey, secretary-treasurer and plant manager of Northern Cedarcraft Products, located in Gladstone's Industrial Park, today announced he will return to Dallas, Tex., where he will assume duties in the firm's main office.

Louis Dufour of 9 Main St., Wells, who was employed by Shepek Dimensions for 35 years, has been named as the new plant manager to succeed Casey.

Casey has made his home in Gladstone for the past four and a half years. He and P. Richardson, president of Cedarcraft, opened the local fence company originally in a section of the old Flooring Mill in October of 1958.

For two years the fence company operated at this location and later they established the present office

building and plant in the Industrial Park.

The Gladstone firm averages employees about 50 men, but has had as many as 65 on its payroll during a season. The firm's products, cedar fencing, are sold throughout the central and eastern United States and sections of the West.

Casey, who for 25 years prior to coming here lived in Dallas, has taken an active part in the work of Gladstone Chamber of Commerce. He has been a member of both the Fund Raising and Trail-er Park Committees.

Plans are for the Casey family to move about the middle of March. The couple has two sons, Ronnie, 14, a student in Gladstone High School, and Jerry, 23, in service at Fort Knox, Ky.

"We're going to miss this part of the country," Casey said, my wife and family really like it up here. We like the locality, the climate and most of all the people, but there is always a time of parting."

Northern Cedarcraft was the first establishment to manufacture in the industrial site. It occupies 8.1 acres.

Briefly Told

Trinity Episcopal Church will hold a special Ash Wednesday service with Holy Communion at 7 p. m., and meditations following.

Special Lenten services will be held each Wednesday at 7:30 at St. Paul's Lutheran Church. The theme for the services will be "The Message of the Cross of Christ." The Ash Wednesday service will be a Communion Service.

Ash Wednesday service of Holy Communion will be celebrated at First Lutheran Church at 7:30 p. m. Special music will be presented by the Senior Choir and the sermon by Pastor Harry Lorenz, is entitled "Voices of the Passion: My Own."

State Police ticketed the following for traffic violations: Albert Welch, Rte. 1, Manistique, no license plate on trailer; Thomas Lanugh Jr., 2018 12th Ave. N., Escanaba, failed to stop for a railroad crossing with a gas truck; and Paul J. Ravet, Rte. 1, Menominee, speeding.

The Women's Missionary Society of Bethel Free Church will have its monthly meeting Wednesday at 2:30 p. m. at the church. A special program is planned with a timely colored film. Hostess is Mrs. Gordon Strom.

Favorite Recipes

The FHA Chapter of Gladstone High School is sponsoring its annual Favorite Recipe project and the dessert edition of the Favorite Recipe book is being sold by the chapter. The book contains over 2,000 dessert recipes. Miss Joan Vaarti, home economics instructor, is the club leader. Information may be obtained by calling the high school.

Traps Bobcats Near Wilsey Bay

Two bobcats, each weighing about 25 pounds, have been trapped by predatory control officer John Seppi of the Michigan Conservation Department during the past week in the Wilsey Bay area on the Stonington Peninsula.

Seppi trapped both animals at a site where deer had been found killed by bobcats during the past 14 days.

Michigan Stops Iowa, 78 And 70

ANN ARBOR (AP) — Michigan overtook Iowa in the second half of a Big Ten basketball game Monday night to defeat the Hawkeyes 78-70 and break their tie for fifth place in conference standings.

Led by the 32-point shooting of sophomore Bill Buntin, the Wolverines went ahead to stay on a lap with the scoring leader, 42-40, with 15 minutes to play.

Down 35-31 at intermission, the Wolverines poured in 47 points in the second half as they stepped up their offense and sharpened their shooting.

Dave Roach, shooting well from the outside, paced the Hawks with 27 points on 11 field goals and five free throws.

The Hawks led the Wolverines by seven points twice in the first half. Michigan at first was unable to penetrate Iowa defenses and missed distance shots with consistency.

Iowa held Michigan scoreless until Tom Cole sank two free throws with two minutes gone. The Wolverines' first basket was scored by Buntin after two and one-half minutes of play.

Buntin led the Wolverines with 17 rebounds.

The victory gave Michigan undisputed control of fifth place in Big Ten standings with a 6-5 conference record and 14-7 overall. Iowa stands 5-6 in the conference and 9-12 overall.

Michigan plays Illinois here Saturday, and Iowa entertains Northwestern at home.

Stand-In Is Now Buckeye Star

By The Associated Press

A stand-in who became a star, Gary Bradis is playing to rave notices to very discriminating audiences—Big Ten conference basketball fans.

The 6-foot-8 junior who understudied the celebrated Jerry Lucas last season is the spotlighted performer for Ohio State's Buckeyes now, and he is carrying off the role superbly.

Bradis put on a typical show Monday night, netting 13 of Ohio State's last 16 points as the Buckeyes topped Northwestern 50-45 on the Wildcats' floor. The victory was a clutch one, keeping Ohio State tied for the Big Ten lead with Illinois.

The Illini shook loose in the closing moments and won at Minnesota 81-70, leaving the Gophers with only a mathematical chance to tie for the conference championship. Indiana's hopes also were dashed in a 102-96 loss at Wisconsin. Ohio State and Illinois are 9-2 with three games left, Indiana is 7-4 and Minnesota 7-5.

Mississippi State nailed down no less than a share of the Southeastern Conference crown, posting a 78-67 victory at Tulane, while Georgia Tech took sole possession of second place by winning at home against Florida, 89-69. Auburn dropped to third in a 55-47 setback at Tennessee.

The Big Eight race loosened up a bit, with Colorado whipping Iowa State 72-59 and Nebraska upending Oklahoma State 49-48 for its first conference victory of the season.

Bowling Green assured itself of at least a tie for the Mid-American championship in a high-scoring romp at home, 114-86 over Marshall.

Arizona State, the Western Athletic Conference champion, struggled to its 47th home floor victory in a row, 73-70 over Creighton, although Art Becker went out in the opening half with an ankle sprain and Joe Caldwell fouled out with 6 minutes to play.

Other results — Marquette beat St. Louis, 69-58 in a match between two clubs bound for the National Invitation Tournament; Michigan 78, Iowa 70; Kentucky 80, Alabama 63; Louisiana State 80, Mississippi 61; Vanderbilt 82; Georgia 64; Oklahoma City 98, West Texas State 84; Florida State 80, Tampa 58; Villanova 71, West Chester 59.

King Is Dead, White Pine Has Lost Top Rank

By JEAN WORTH FAITHORN — The first fortunes in Michigan were made by lumbering "King Pine." The finest of it was called "cork pine" and it stood tall and straight over large areas of Michigan. By the turn of the century very little of it was left.

The prodigious lumbering that started before the Civil War and which mushroomed after the war to provide the pine lumber that built new towns of the Prairie States removed Michigan's pine. Most of it was white pine, but red pines also grew in many of the stands and it was also a very fine wood, although less esteemed than white pine.

Pine was the king of northern softwoods in the primeval forests and was expected to be the king again in the new young forests now growing so luxuriantly in the Upper Peninsula.

But it isn't going to be. It's not even going to be runner up. Amazingly, it is regarded by at least some foresters as way down the list of desirable trees for our northern forests for the future.

Bruce Buell, chief forester of Marathon Division of American Can Co., explained his view of the situation on a visit to a pulpwood cutting on land of the Wisconsin Public Service Corp. here beside the Menominee River on Tuesday.

"We have got to change our thinking on pine," said Buell. "White pine today is one of the least desirable species of forest trees. I'd rather have poplar sprout on my land than white pine. (This would have been heresy not many years ago; it would have been like saying that you'd prefer pop bottles to diamonds in a Tiffany forest setting.)

"Poplar will grow a crop of pulpwood. In 30 to 40 years you will have a crop of pulpwood that is in pretty good market demand if it can be moved with a reasonable freight charge.

"When you plant white pine you have to contend with tip weevil (a scourge that bores into the leader tip of the tree and destroys it, stunting the tree), with blister rust, and with porcupine damage.

"And you've got to carry the stand through to log size and pretty big log size and that means 60 years at an absolute minimum and probably a 75 year minimum. In that time you can grow two crops of poplar pulpwood to one crop of pine, and then maybe you can't sell the pine. It can only be moved as big logs; the thinning from plantations aren't saleable."

Buell, who is retiring soon as chief forester of Marathon Division, which manages 300,000 acres of timberland in the Upper Peninsula and northeastern Wisconsin, visited pulpwood cuttings in this area being managed for Marathon by Peterson Brothers of Carney.

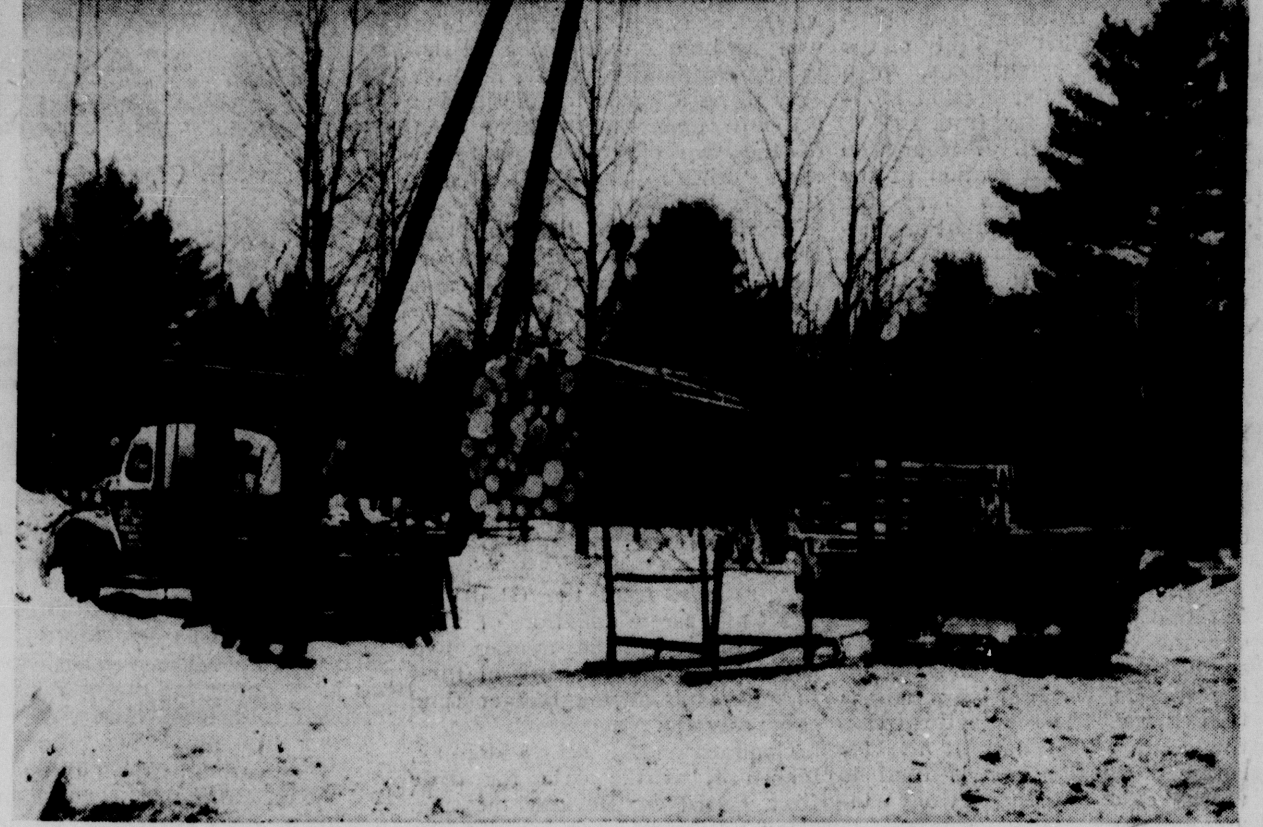

Of other species he said, "Balsam is now a drug on the pulpwood market and is going to be more so, to the point where we may have to cut the price. But if

there is a great abundance of balsam at an attractive price someone will find a use for it. How soon that will be is a question, but it will certainly happen.

"It is a little longer lived than poplar and we should be cutting it at maturity, because if we get a lot of mature and overmature balsam in the Upper Peninsula we will get the spruce budworm. We have to have a market for our balsam before it is 50 years old. That is the critical age. It slows down in growth and bears flowers and the budworm feeds on these staminate flowers in the early spring and spreads the disease. "Red (soft) maple (an increasingly prevalent Upper Peninsula tree) is going to be OK. There is a demand for hardwood

pulpwood and there is going to be more of a demand. About 90% of it is good only for pulping and the other 10 per cent should move along to sawlogs and veneer."

Buell, of Green Bay, will move to a retirement home which he and Mrs. Buell have purchased at Chassell. He has been a forester for 44 years and has become the dean of Upper Peninsula commercial foresters in an area service which began in 1930 at Amasa when he headed the Northern Paper Co., of Green Bay forestry operations there, a pioneer effort in U. P. forest management.

This is a pulpwood loading operation of Walter Parrett on land of the Wisconsin Public Service Corp. near Faithorn being managed by Marathon Division of American Can Co. Power for the jammer is supplied by the truck motor and lifts a cord of balsam pulpwood off a dory and then lowers it onto the truck which hauls it to Carney for loading on cars to be moved to Green Bay. The cat operator is Alphonse Parrett. (Daily Press Photo)

Hall Too Big For Borge Show

By CYNTHIA LOWRY AP Television-Radio Writer

NEW YORK (AP) — Comedian-pianist Victor Borge chose Philharmonic Hall at Lincoln Center in which to produce Monday night's ABC special.

Borge, in fine fettle, made his familiar jokes and clowning at the keyboard, always a treat for us Borge fans. His guest star, Marcel Marceau, contributed his brilliant pantomime.

But television is an intimate medium, and Borge at his best is an intimate performer. Philharmonic Hall is a huge auditorium designed for big orchestras and big music. The program seemed rather lost in its vast space. The comedy and even the music would have been more effective in a theater or even a television studio.

Tractor Repairs Hold Up Planting In South Russia

MOSCOW (AP)—Spring planting time has come in southern Russia, but Pravda has reported that the virgin lands, just like last year, haven't got their tractors ready.

Last year at this time, Pravda reported, 9,000 tractors, 14,000 plows and 6,000 cultivators—all necessary for spring work—were idle in the virgin lands for lack of repairs.

"Repair crews should have taken into consideration the failures of last year and taken corrective action," Pravda said.

"The repair work is still unsatisfactory."

Opportunity may open the door for you, but only hard work will keep you on the inside.
